**About the job**

Looking to launch your career at the cutting edge of healthcare? Join Sanofi for a chance to develop with mentoring and guidance from inspirational leaders while helping to make an impact on the lives of countless people worldwide. As Co-Op Student - Digital

*Strategic Partnerships Business Development* in our Digital Strategy & Operations Department, you will learn to perform and support daily functions. The Digital Strategy, Partnerships, & Operations team at Sanofi Canada is the innovation engine that enables the digital transformation of the company globally. Our global AI Center of Excellence is based out of Toronto, collaborating with our colleagues around the globe to put data to work, creating products that provide a competitive advantage for Sanofi. Combining business acumen with strong analytical skills, our Digital Strategic Partnerships team is dedicated to partnering with innovative digital technologies to bring transformative value to Sanofi.

We are an innovative global healthcare company with one purpose: to chase the miracles of science to improve people's lives. We're also a company where you can flourish and grow your career, with countless opportunities to explore, make connections with people, and stretch the limits of what you thought was possible. Ready to get started?

**Main responsibilities:**

- **Strategy Development:** Assist in the formulation and execution of business development strategies and initiatives to drive growth and achieve company objectives. Contribute to the development of potential partner landscape analyses and build/buy/partner assessments.
- **Operations Support:** Collaborate with the business development team to optimize operational processes and ensure smooth execution of deals and partnerships. Assist in the preparation of business development reports, presentations, dashboards, and other critical communications.
- **Competitive Research:** Conduct thorough market research and analysis to identify potential competitors, market trends, and emerging opportunities. Monitor industry developments, track competitor activities, and provide actionable insights to support strategic decision-making.
- **Transaction Support:** on a case-by-case basis, potential to support the BD leads in evaluation and execution of various business transactions, including licensing agreements, partnerships, and acquisitions. Potential to contribute to due diligence efforts by gathering and analyzing relevant data, financial information, and market intelligence.
- **Cross-functional Collaboration:** Collaborate with cross-functional teams, including R&D, finance, legal, and marketing, to ensure alignment and integration of business development activities with the overall company strategy. Support the coordination of internal and external stakeholders throughout the deal-making process.

**Why choose us?**

- Bring the miracles of science to life alongside a supportive, future-focused team.
- Discover endless opportunities to grow your talent and drive your career, whether it's through a promotion or lateral move, at home or internationally.
- Enjoy a thoughtful, well-crafted rewards package that recognizes your contribution and amplifies your impact.

**Pursue Progress. Discover Extraordinary.**

Progress doesn't happen without people - people from different backgrounds, in different locations, doing different roles, all united by one thing: a desire to make miracles happen. You can be one of those people. Chasing change, embracing new ideas and exploring all the opportunities we have to offer. Let's pursue progress. And let's discover extraordinary together.

At Sanofi, we provide equal opportunities to all regardless of race, color, ancestry, religion, sex, national origin, sexual orientation, age, citizenship, marital status, disability, or gender identity.
