<b>Salary Currency</b>	CAD
<b>Salary</b>	Salary Not Available, 40 Major List
<b>Salary Range \$</b>	\$22 - \$26 per hour
<b>Job Description</b>	

**IMPORTANT NOTE: All Co-op candidates should be able to work in the Broadcom's office in Richmond, BC.**

#### **Company Profile:**

Broadcom Inc. is a global technology leader that designs, develops and supplies a broad range of semiconductor, enterprise software and security solutions. We combine global scale, engineering depth, broad portfolio diversity, superior execution and laser-like operational focus to deliver category-leading connectivity products so our customers can build and grow successful businesses today and in the future.

#### **Responsibilities:**

Broadcom Software is looking for individuals to join our API Management (APIM) group and contribute to the development of our APIM applications. The student would be a member of the applications engineering team, responsible for bringing cutting-edge technologies to production. You will have an active role in the design, development, testing and support of API Gateway components.

If you enjoy a challenging and diverse role with the opportunity to continually learn, then this team is for you. The breadth of software responsibility is extensive - architecture, design, coding and QA.

#### **Job Requirements**

##### **An ideal candidate would be able to demonstrate the following skills and traits:**

- Proficient in Java, solid OOP skills
- An ability to learn and adapt quickly to new technical areas
- A pragmatic approach to problem solving

- Enjoys working in a team but can operate independently
- Clear and concise communication skills
- Experience in designing and testing REST or GraphQL APIs is a plus
- Knowing of K8s, docker, microservice architecture will be a good asset

**Citizenship Requirement** N/A

**Position Start Date** September 02, 2025 12:00 AM

**Position End Date** April 30, 2026 12:00 AM

## APPLICATION INFORMATION

**Application Procedure** Through UBC Science Co-op

**Cover Letter Required?** No

**Special Application Instructions**

Interviews will be performed via a videoconference. The candidates should be ready to do some online coding (Java) in an online collaborative editor.
