#### *About the job*

Looking to launch your career at the cutting edge of healthcare? Join Sanofi for a chance to develop with mentoring and guidance from inspirational leaders while helping to make an impact on the lives of countless people worldwide. As Co-Op Student - Digital

*Strategy & Operations* in our Digital Strategy & Operations Department, you will learn to perform and support daily functions. The Digital Strategy & Operations team at Sanofi Canada is the innovation engine that enables the digital transformation of the company globally. Our global AI Center of Excellence is based out of Toronto, collaborating with our colleagues around the globe to put data to work, creating products that provide a competitive advantage for Sanofi. Our data pods enjoy breaking down complex business problems into effective solutions. Combining business acumen with strong analytical skills, our data and AI strategy team is dedicated to leading the transformation and answering major questions that help our organization make objective decisions. As a part of the data strategy and operations team, the role includes translating business strategy into data and AI strategy, driving the business forward.

We are an innovative global healthcare company with one purpose: to chase the miracles of science to improve people's lives. We're also a company where you can flourish and grow your career, with countless opportunities to explore, make connections with people, and stretch the limits of what you thought was possible. Ready to get started?

#### **Main responsibilities:**

- Understanding business data requirements and translate them into technical needs.
- Partnering with Product Owners, Data Engineers and Data Scientists to design novel solutions.
- Developing critical strategic documents, using creative mechanisms to collaborate and create consensus.
- Outline the scope of the work and identify and map out schedules, milestones, and required resources to meet the project objectives.
- Supporting creating of data product marketing/storytelling materials to take to broader user group and organization.
- Completing a variety of analyses to identify root causes of potential problems, along with the development of remediation plans.
- Visualizing data to tell a story with actionable insights.
- Designing solutions to business problems in a modular manner.

#### *Why choose us?*

- Bring the miracles of science to life alongside a supportive, future-focused team.
- Discover endless opportunities to grow your talent and drive your career, whether it's through a promotion or lateral move, at home or internationally.
- Enjoy a thoughtful, well-crafted rewards package that recognizes your contribution and amplifies your impact.

#### **Pursue Progress. Discover Extraordinary.**

Progress doesn't happen without people - people from different backgrounds, in different locations, doing different roles, all united by one thing: a desire to make miracles happen. You can be one of those people. Chasing change, embracing new ideas and exploring all the opportunities we have to offer. Let's pursue progress. And let's discover extraordinary together.

At Sanofi, we provide equal opportunities to all regardless of race, color, ancestry, religion, sex, national origin, sexual orientation, age, citizenship, marital status, disability, or gender identity.
