### **We help the world run better**

At SAP, we enable you to bring out your best. Our company culture is focused on collaboration and a shared passion to help the world run better. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from

### **About the SAP Internship Experience Program**

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

### **Three reasons to intern at SAP**

- 1. Culture of collaboration:** meet with mentors, make new friends across the globe and create a thriving personal network.
- 2. Project-driven experience:** gain cross-functional skills from our virtual and in-person learning sessions, diverse subject matter experts, and project deliverables.
- 3. Gain visibility:** with SAP Internship Experience Program in your title, you'll have a global network of SAP leaders, entrepreneurs and career development opportunities at your fingertips.

### **What you'll do**

Position Title: SAP iXp Intern - User Experience Designer

Location: Vancouver, BC

**Expected Start Date: 6 October 2025**

Contract Duration: 8 months

Work Hours: Full-time; 40 hours per week

We are looking for people who are eager to learn, creative and resourceful in getting things to work, and who are able to work independently and collaboratively. You are expected to:

- Create UX and visual design specifications for SAP Business Data Cloud
- Work closely with our developers and product experts to provide our customers with fresh, friendly, and elegantly simple user experiences no matter their function or role within the application
- Engage with end users, customers and the product management team to better understand the needs and workflows of the end users, and

collaborate on concepts for new functionality

- Combine new design mock-ups with existing product features in workflows or videos to show that there is a meaningful story behind each feature request
- Work with researchers to conduct usability testing
- Provide UX sign off for development as features are developed for upcoming releases
- Be adaptable to challenges and flexible with changes
- Communicate and collaborate with colleagues across all levels, teams, location and willing to take ownership

### **Meet your team**

As a User Experience Designer on our team, you will be working with a group of exceptionally talented and motivated colleagues. Our development process follows the principle of continuous integration. We use design tools like Figma along with Jira in conjunction with in-house software. On our team you will work on designs for SAP Business Data Cloud, our SaaS solution for governing, managing, and visualizing data, as well as cooperate with developers and sales colleagues to deliver the best user experience for our customers

-

### **Bring out your best**

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to

personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

### We win with inclusion

SAP's culture of inclusion, focus on health and well-being, and flexible working models help ensure that everyone - regardless of background - feels included and can run at their best. At SAP, we believe we are made stronger by the unique capabilities and qualities that each person brings to our company, and we invest in our employees to inspire confidence and help everyone realize their full potential. We ultimately believe in unleashing all talent and creating a better world.

SAP is committed to the values of Equal Employment Opportunity and provides accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team: [Careers@sap.com](mailto:Careers@sap.com).

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the SAP Referral Policy. Specific conditions may apply for roles in Vocational Training.

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability, in compliance with applicable federal, state, and local legal requirements.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the hourly base salary rate range applicable for the posted role. The targeted range for this position is 24-35 CAD. The actual amount to be offered to the successful candidates will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. SAP offers limited benefits for employees hired into

hourly or like roles subject to applicable plan/policy terms. A summary of benefits and eligibility requirements can be found by clicking this link: [www.SAPNorthAmericaBenefits.com](http://www.SAPNorthAmericaBenefits.com).

Due to the nature of the role, which involves global interactions with SAP entities, as well as with employees and stakeholders in Canada, functional proficiency in English is required for positions based in the Quebec.

### **AI Usage in the Recruitment Process**

For information on the responsible use of AI in our recruitment process, please refer to our Guidelines for Ethical Usage of AI in the Recruiting Process.

### **Job Requirements**

#### **What you bring**

We're looking for someone who takes initiative, perseveres, and stay curious. You like to work on meaningful innovative projects and are energized by lifelong learning.

**Eligibility: Must be currently enrolled, or recently graduated (start date must be within 6 months of graduation date) from a coding academy/bootcamp, apprenticeship, associate, bachelor's, master's or JD/PhD program**

- You are someone who can challenge the status quo and likes to stay curious
- You enjoy working on meaningful projects and are energized by lifelong learning
- Understanding of user-centered design principles and design thinking concepts
- Experience with mobile apps, web-based apps, and other technologies pertaining to user interface design
- Proficiency in latest design tools such as Figma or other visual design and

wire-framing tools

- Excellent visual design and user-system interaction skills
- Strong communication skills with ability to present designs and sell solutions to stakeholders
- Ability to solve problems creatively and effectively

**Citizenship Requirement**                    N/A
