**Job Title:** Student Software Test Analyst - FTT

**Job ID:** 20250513

### **Marketing Statement**

A career at TransLink and our family of companies means working with people with a wide range of skills and perspectives, all teaming up towards a common goal: preserving and enhancing the region's world-envied quality of life. Together, we connect the region and enhance its livability by providing a sustainable transit and transportation network, embraced by our communities and people.

At TransLink we are dedicated to building a workforce that reflects the diversity of the communities in which we live. We're committed to fostering an inclusive, equitable and accessible workplace, recognizing the unique value and skills every individual brings.

Looking for a great place to work where your contributions are valued and you can make a difference in a vibrant city? At TransLink, one of BC's Top Employers, you'll help make Metro Vancouver a better place to live, built on transportation excellence. Put your future in motion!

### **Responsibilities**

Assists the Software QA Analyst on developing test plans. Performs QA testing using approved test plans and test cases. Record QA defects and results as identified by the team. Contributes to the continuous improvement of the quality assurance processes

and practices.

#### **Work Schedule**

37.5 hours per week.

This is a full-time temporary assignment for approximately six (6) months.

#### **Work Designation**

Hybrid

This position offers the flexibility of working both on-site and remotely within B.C.

#### **Rate of Pay**

Salary \$5,339.08 - \$6,398.32 per month (Actual salary offered will be commensurate with education, experience and internal parity).

The Total Compensation Package includes Extended Health, Transit Pass and enrollment in the Public Service Pension Plan upon eligibility. Focus on your development through training, and mentorship programs. Enjoy a variety of health and wellness programs, including access to gym facilities. Speak to us to know more about what we offer.

Please note that only those short listed will be contacted.

Having trouble applying? Please view the System Requirements & FAQ's by going to <http://www.translink.ca/careers>.

#### **Equal Employment Opportunity**

TransLink is committed to employment equity and building a diverse workforce, representative of the customers we serve and the many communities in the Metro Vancouver region. We welcome and encourage Indigenous applicants, people of colour, all genders, 2SLGBTQ+ and persons with disabilities to apply. Learn more about TransLink's commitment to equity, diversity and inclusion.

Accommodations are available on request for candidates taking part in all aspects of the selection process. For a confidential inquiry, simply email us at [jobs@translink.ca](mailto:jobs@translink.ca).

### **Job Requirements**

#### **Qualifications**

#### **EDUCATION**

Requires completion of a minimum of two (2) years post-secondary education in an undergraduate degree program in computer science, or computer systems engineering, or software engineering or mathematics from a recognized university or technology institution with courses in business and systems analysis, software design and testing, and use of software testing tools.

#### **EXPERIENCE**

Requires three (3) months of recent related experience in the testing of commercial software and web applications through the use of software testing processes and methodologies, commercial test frameworks, test automation tools, and test tracking tools.

#### **Other Information**

Recruitment Process: An applicant will be required to demonstrate their suitability for this position by meeting the minimum level of qualifications and experience in order to be invited into the selection process. A standard interview format will be used including general, scenario and behavioural descriptive interview questions.

**Citizenship Requirement**                    N/A
