About CMHC

The work you do and the work we do together matters. We come to work every day with a common purpose: to contribute to a well-functioning housing system.

At CMHC, we hold ourselves accountable for our **results** and support our colleagues in their achievements. We thrive on **collaboration**, connecting across CMHC and involving the right people to get our work done. Our leadership style is guided by **trust**, where our leaders favour an adaptive approach based on the needs of their teams.

Join us and be part of a team that's committed to making a real difference and be part of something meaningful.

What's in it for you

We have the purpose and the perks you need to enjoy a fulfilling internship experience. Here's what you get:

- Accrued vacation.
- Support towards your personal and professional growth with training, mentorship and more.
- An inclusive culture and work environment, along with employee resource groups such as our young professionals network, will allow you to meet, connect, and build a community with other students.

#### About the role

We are hiring full-time summer interns beginning in May through August 2026. Our internship program is designed to help you grow, with access to training resources, interesting projects, and networking sessions that support your development and help you discover your full potential.

#### **Here are some of the teams that are hiring:**

- Developers
- IT Security / Cybersecurity
- Artificial Intelligence and Solutions Architect

Note that position responsibilities will vary by function and team.

#### Our commitment to diversity, equity, and inclusion?

We're committed to employment equity and encourage women, Indigenous Peoples, persons with disabilities, veterans and persons of all races, ethnicities, religions, abilities, sexual orientations, and gender identities and expressions to apply. We also welcome applications from non-Canadians who are eligible to work in Canada.

CMHC is an inclusive workplace where diversity of thought - and of people - are recognized, valued, and considered essential to achieving our mission.

#### **Learn more about our commitment to diversity and inclusion**

##### What happens after you apply?

We know that applying for a new job can be both exciting and daunting, and we appreciate your effort. **Learn more about our hiring process.** If you are selected for an interview or testing, please advise us if you require an accommodation.

If you applied before and you were not successful don't worry - we're always posting new positions, so don't hesitate to give it another shot. We're excited to see what you bring to the table this time around!

## **Job Requirements**

#### **What you need to succeed:**

- Currently enrolled or recent graduate in a post-secondary program in a related discipline such as computer science, cybersecurity, enterprise or cloud architecture, computer engineering, or related field.
- Experience can be acquired through the studies, work experience or volunteer activities.
- Strong oral and written communication, excellent organizational and planning skills and the ability to work independently as well as within a team setting.

#### **Nice to have:**

- Bilingualism (English and French) is an asset.

We will review candidates as they apply, so don't wait to submit your application!

**Citizenship Requirement**      N/A

## **APPLICATION INFORMATION**

**Application Procedure**      Through Employer Website

#### **Special Application Instructions**
