<b>Job Description</b>	

**Job Title: Test/QA Analyst Co-op - Enterprise Technology & Business Management**

**Job ID:** 2521380

We're building a relationship-oriented bank for the modern world. We need talented, passionate professionals who are dedicated to doing what's right for our clients.

At CIBC, we embrace your strengths and your ambitions, so you are empowered at work. Our team members have what they need to make a meaningful impact and are truly valued for who they are and what they contribute.

To learn more about CIBC, please visit [CIBC.com](http://CIBC.com)

#### **What you'll be doing**

Join our CIBC Technology team as a Test & Quality Assurance Analyst Co-Op and have a real impact in making our clients' ambitions a reality! This is a great opportunity to be a part of an innovation-focused team that is helping to deliver CIBC's digital transformation by testing applications and ensuring high quality in every deployment. Join our team and stretch your innovative thinking, communications, and teamwork skills to help enhance banking for the modern world..

*At CIBC we enable the work environment most optimal for you to thrive in your role. You'll have the flexibility to manage your work activities within a hybrid work arrangement where you'll spend 1-3 days per week on-site, while other days will be remote.*

#### **Important information**

Please note, we have multiple positions available under this posting and you may be considered by more than one hiring team

- We may ask you to complete an attribute-based assessment and other skills tests (such as simulation, coding, French proficiency,

MS Office). Our goal for the application process is to get to know more about you, all that you have to offer, and give you the opportunity to learn more about us.

- You must be currently enrolled in post-secondary education and returning to full-time studies to be eligible. However, you do not need to be in a registered Co-Op program to be considered for a role.
- Recruitment timeline: Applications review - September/October; Interviews - September/October; Offers - October.
- Please include your resume (no more than 2 pages), a cover letter (no more than 1 page), and your most recent unofficial transcript with your application. These should all be uploaded into the Resume section of the application as one pdf document.
- There are 4 month opportunities available.

#### **How you'll succeed**

- Testing Activities - You'll develop test cases, scenarios and scripts to ensure quality applications. You'll also execute tests using test tools following the defined testing methodology and ensure results achieve the documented goals and objectives.
- Teamwork - You'll be able to contribute to the team goals by working with other functions in the team, actively participating through continuous learning and sharing of skills and knowledge.
- Report & Monitor - You'll help define the criteria for testing; evaluate and present the results from the testing cycles.
- Communication - You can demonstrate excellent verbal and written communication skills to effectively articulate ideas and opinions that involve research, interpretation, and assessment.

#### **What CIBC Offers**

At CIBC, your goals are a priority. We start with your strengths and ambitions as an employee and strive to create opportunities to tap into your potential.

- We work to recognize you in meaningful, personalized ways including a competitive compensation, a banking benefit\*, wellbeing support, and additional offers such as employee and family assistance programs and MomentMakers, our social, points-based recognition program.
- Our spaces and technological toolkit will make it simple to bring together great minds to create innovative solutions that make a difference for our clients.

\*Subject to program terms and conditions

#### **What you need to know**

- CIBC is committed to creating an inclusive environment where all team members and clients feel like they belong. We seek applicants with a wide range of abilities and we provide an accessible candidate experience. If you need accommodation, please contact [Mailbox.careers-carrieres@cibc.com](mailto:Mailbox.careers-carrieres@cibc.com)
- You need to be legally eligible to work at the location(s) specified above and, where applicable, must have a valid work or study permit.
- We may ask you to complete an attribute-based assessment and other skills tests (such as simulation, coding, French proficiency, MS Office). Our goal for the application process is to get to know more about you, all that you have to offer, and give you the opportunity to learn more about us.

#### **Job Requirements**

##### **Who you are**

- You give meaning to data. You enjoy investigating complex problems and making sense of information. You communicate detailed information in a meaningful way.
- You're motivated by collective success. You know that teamwork can transform a good idea into a great one. You know that an inclusive team that enjoys working together can bring a vision to life.
- You're digitally savvy. You seek out innovative solutions and embrace evolving technologies. You can easily adapt to new tools and trends.
- You act like an owner. You thrive when you're empowered to take initiative, go above and beyond, and deliver results.
- You know that details matter. You notice things that others don't. Your critical thinking skills help to inform your decision making.
- Values matter to you. You bring your real self to work and you live our values - trust, teamwork and accountability.

**Citizenship Requirement**      N/A
