**Location:** Kitimat

**There's never been a better time to be working with LNG Canada.**

We are Canada's first large-scale LNG export facility. With Phase 1 now operating, we've moved from project to business-and are preparing for a potential Phase 2 that could double our size and help Canada become a top-five global LNG exporter.

We are committed to safety, compliance, and top-quartile performance, while building a high-performance culture powered by people like you. Our made-in-B.C. LNG is lower carbon, responsibly produced, and proudly delivered to the world.

This is your chance to shape history-working with a diverse team of experienced professionals and mentors in an environment that challenges and supports you.

With gratitude and respect, LNG Canada acknowledges our facility operates in the traditional territory of the Haisla Nation, and we honour the First Nations across our business footprint and shipping route.

We foster a safe, respectful workplace where speaking up is encouraged, and we continuously strive to improve together.

Protecting our people, community, and operations is our top priority.

We are proud to be a catalyst for Canada's new energy sector, setting the benchmark for economically, environmentally, and socially responsible LNG production.

**Our Purpose**

**•Provide a secure supply of LNG at scale;**

Connect Canadian natural gas to global markets.

**Our Vision**

**•LNG Canada is a world class asset, Canada is a Top 5 global LNG producer;**

Help Canada diversify its export market.

**Our Values**

- Lead with Honesty
- Nurture our People
- Grow our Business
- Connect with Purpose

Come join the team making Canadian history!

#### **About the Role**

LNG Canada is inviting post-secondary students to join our **Student Experience Program**. This is your chance to gain hands-on experience at a world-class LNG facility, apply your academic learning to real projects, and develop skills that support your professional growth.

We have opportunities available in:

- Engineering
- IMIT/Digital
- HSSE (Health, Safety, Security & Environment)
- Finance
- Business

What You'll Gain

- Practical, career-aligned experience in your field of study
- Exposure to LNG operations and industry practices
- Professional development and mentorship opportunities
- A role tailored to support your career path

#### **Job Requirements**

##### **To be successful, you are/have:**

- Currently enrolled in a post-secondary education program within one of the following disciplines: Engineering, Business, Administration, Environmental Sciences, Information Technology/Computer Programming or similar programs.
- Returning to school and have not yet graduated.
- Eager to learn, contribute, and grow in a dynamic environment
- Skilled in working with computers including excellent working knowledge of Microsoft Office programs including working in Excel with large amount of data and attention to detail?
- An easy, open and inquisitive attitude with an ability to shift priorities, work under pressure and manage multiple projects
- Excellent with written and verbal communication along with being a team player approach with a positive attitude
- A key interest in advancing best practices and utilizing leading edge technology
- A curious and flexible mindset, with the ability to adapt quickly to the requirements of the role
- A valid BC Class 5 driver's license is considered an asset?

##### **This role requires that you:**

- Be legally entitled to work in Canada (i.e., by way of Canadian citizenship, permanent residency, or valid work permit)
- Work a 40-hour week: 8 hrs/5 days per week. Some flexibility may be required.
- Have the ability to work and live in the beautiful District of Stikine (Kitimat/Terrace). (Accommodations are not provided)
- Are willing to comply with LNGC's drug-free and harassment-free work environment and comply with all safety policies and procedures.
- Undergo Pre-Site Access testing for alcohol and specified drugs.
- (Summer) Work placements will begin in May 2025 for approximately 4 months; We are open to students enrolled in Co-Operative Education Programs where student availability may differ (e.g. 4, 8, 12-month terms).
- Know that this is NOT a fly-in, fly-out rotation role.

##### **About Us:**

LNG Canada is a joint venture of five global energy leaders-Shell, PETRONAS, Mitsubishi Corporation, PetroChina, and KOGAS-bringing decades of LNG expertise to Canada.

As the largest private-sector investment in Canadian history, LNG Canada is a long-life asset with a 40-year export license. Phase 1 includes two processing units ("trains") with a combined capacity of 14 million tonnes per annum (mtpa).

Together with our partners, we are exploring a potential Phase 2 expansion that would deliver more lower-carbon LNG to global markets, support Canada's ambition to be a top five LNG exporter and generate lasting benefits for B.C. communities and the Canadian economy.

Our guiding North Star is to safely and responsibly create and deliver value. We focus on safety, compliance, performance, and scale, while building a high-performance culture. Partnerships with governments, local communities, and First Nations are central

to our success and will continue to shape our journey.

At LNG Canada, we hire for character and train for skill. We are committed to building a diverse, inclusive workforce that reflects the communities where we live and work. Even if you don't meet every requirement, we encourage you to apply-this is your chance to join a supportive, collaborative organization with

**Citizenship Requirement**                  N/A
