<b>Job Description</b>	

**Job Title:** Service Delivery Co-op

**Job ID:** 773691

### **About this opportunity:**

We are looking for a motivated and curious Intern to join our team during the summer. This role requires students currently pursuing a Bachelor's or Master's degree. The intern will work closely with experienced engineers and gain hands-on exposure to real-world projects.

### **What you will do:**

- Assist in developing, testing, and enhancing small software or automation components
- Write and maintain basic scripts or programs under guidance
- Support data analysis, automation, or tooling tasks as needed
- Leverage AI tools to improve productivity, analysis, or development workflows
- Document work and present progress during regular check-ins
- Collaborate with team members and actively participate in team meetings

### **Why join Ericsson?**

At Ericsson, you'll have an outstanding opportunity. The chance to use your skills and imagination to push the boundaries of what's possible. To build solutions never seen before to some of the world's toughest problems. You'll be challenged, but you won't be alone. You'll be joining a team of diverse innovators, all driven to go beyond the status quo to craft what comes next.

### **What happens once you apply?**

Ericsson uses a merit-based hiring approach that values people with different experiences, perspectives and skillsets. We truly believe this approach drives innovation, which is essential for our future growth. We encourage people from all backgrounds to apply and realize their full potential as part of our Ericsson team. Ericsson is proud to be an Equal Opportunity employer, learn more.

If you need assistance or to request an accommodation due to a disability, please contact Ericsson at [hr.direct.americas@ericsson.com](mailto:hr.direct.americas@ericsson.com).

**DISCLAIMER:** The above statements are intended to describe the general nature and level of work being performed by employees in this position. They are not an exhaustive list of all responsibilities, duties and skills required for this position, and you may be required to perform additional job tasks as assigned.

Primary country and city: Canada (CA) || Toronto (Country/ City)

Job details: Integration Engineer

#### **Compensation and Benefits at Ericsson**

At Ericsson, we know that our people are the key to our success. We offer a competitive package to help with your individual needs and goals.

#### **Your Pay**

The salary offered is dependent on various factors including, but not limited to, location, and the candidate's combination of job-related knowledge, qualifications, skills, education, training, and experience.

#### **The salary range for this position is**

- Bachelors: \$25.50/hr - \$34.50/hr
- Masters: \$37/hr

#### **Job Requirements**

##### **The skills you bring:**

- Currently pursuing a Bachelor's or Master's degree in Computer Science, Engineering, Data Science, or a related field
- Basic programming knowledge in one or more languages such as Python, Ansible or similar
- Exposure to or interest in AI tools and technologies (e.g., using AI for coding assistance, data analysis, or problem-solving)
- Ability to commit 40 hours per week during the summer internship period

##### **Nice to Have:**

- Hands-on experience with automation, scripting, or small projects (academic or personal)
- Familiarity with version control tools such as Git
- Curiosity about cloud platforms, CI/CD, or modern software practices
- Strong willingness to learn and experiment

**Citizenship Requirement**              N/A

## **APPLICATION INFORMATION**

**Application Procedure**              Through Employer Website

**Cover Letter Required?**              Optional
