Location: Palo Alto, California; Vancouver, Canada; Irvine, California

About Us

Rivian and Volkswagen Group Technologies is a joint venture between two industry leaders with a clear vision for automotive's next chapter. From operating systems to zonal controllers to cloud and connectivity solutions, we're addressing the challenges of electric vehicles through technology that will set the standards for software-defined vehicles around the world.

The road to the future is uncharted. By combining our expertise across connectivity, AI, security and more, we'll map a new way forward. Working together, we'll create a future that's more connected, more intelligent, more sustainable for everyone.

Role Summary

The Infotainment team is building an immersive in-vehicle digital experience where drivers interact with their vehicles and connect with the outside world. As a Software Engineering Intern, you will play a key role in designing and developing user-facing applications that contribute to this digital experience, such as the Navigation application, which directly impacts the customer's EV experience. You will ensure quality, robustness, and performance in our Android-based applications.

Responsibilities

- **Design and develop** applications on Android OS, contributing to critical features like navigation or media.
- Collaborate with cross-functional teams, including product and UI/UX design teams, to define application features.
- **Debug and fix application issues** before final release.
- Write test code to test for quality, robustness, and functional correctness, including edge cases.
- Design and implement subsequent application updates and releases.
- Grow your skills through continual learning, workshops, conferences, and talks.

Rivian and Volkswagen Group Technologies internships & co-ops are experiences optimized for student candidates. To be eligible,

you must be an undergraduate or graduate student in an accredited program during the entire internship or co-op term.?If you are not pursuing a degree, please see our full-time positions at <https://rivianvw.tech/#careers>. Note that if your university has specific requirements for internship programs, it is your responsibility to fulfill those requirements.

Pay Disclosure

US Salary Range/Hourly Rate for Internships: The range of pay for internships in the US is \$40-\$51 USD per hour. Actual compensation will be determined based on location, and other factors permitted by law.

Canada Salary Range/Hourly Rate for Internships: The range of pay for internships in Canada is \$22-\$27 CAD per hour. Actual compensation will be determined based on location, and other factors permitted by law

Equal Opportunity

Rivian and Volkswagen Group Technologies is committed to creating a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, national origin, ancestry, sex, sexual orientation, gender, gender expression, gender identity, genetic information or characteristics, physical or mental disability, marital/domestic partner status, age, military/veteran status, medical condition, or any other characteristic protected by law. We are also committed to ensuring compliance with all applicable fair employment practice laws regarding citizenship and immigration status.

Rivian and Volkswagen Group Technologies is committed to ensuring that our hiring process is accessible for persons with disabilities. If you have a disability or limitation, such as those covered by the Americans with Disabilities Act, that requires accommodations to assist you in the search and application process, please email us at candidateaccommodations@rivian.com.

Candidate Data Privacy

Rivian and VW Group Technologies ("Rivian and Volkswagen Group Technologies") may collect, use and disclose your personal information or personal data (within the meaning of the applicable data protection laws) when you apply for employment and/or participate in our recruitment processes ("Candidate Personal Data"). This data includes contact, demographic, communications, educational, professional, employment, social media/website, network/device, recruiting system usage/interaction, security and preference information. Rivian and Volkswagen Group Technologies may use your Candidate Personal Data for the purposes of (i) tracking interactions with our recruiting system; (ii) carrying out, analyzing and improving our application and recruitment process, including assessing you and your application and conducting employment, background and reference checks; (iii) establishing an employment relationship or entering into an employment contract with you; (iv) complying with our legal, regulatory and corporate governance obligations; (v) recordkeeping; (vi) ensuring network and information security and preventing fraud; and (vii) as otherwise required or permitted by applicable law.

Rivian and Volkswagen Group Technologies may share your Candidate Personal Data with (i) internal personnel who have a need to know such information in order to perform their duties, including individuals on our People Team, Finance, Legal, and the team(s) with the position(s) for which you are applying; (ii) Rivian and Volkswagen Group Technologies affiliates; and (iii) Rivian and Volkswagen Group Technologies' service providers, including providers of background checks, staffing services, and cloud services.

Rivian and Volkswagen Group Technologies may transfer or store internationally your Candidate Personal Data, including to or in the United States, Canada, and the European Union and in the cloud, and this data may be subject to the laws and accessible to the courts, law enforcement and national security authorities of such jurisdictions.

Please see our Candidate Data Privacy Notice (English) and Candidate Data Privacy Notice (Serbian) for more information.

Please note that we are currently not accepting applications from third party application services.
