Job Description	

We help the world run better

At SAP, we enable you to bring out your best. Our company culture is focused on collaboration and a shared passion to help the world run better. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from.

About the SAP Internship Experience Program

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

Three reasons to intern at SAP

- Culture of collaboration:** meet with mentors, make new friends across the globe and create a thriving personal network.
- Project-driven experience:** gain cross-functional skills from our virtual and in-person learning sessions, diverse subject matter experts, and project deliverables.
- Gain visibility:** with SAP Internship Experience Program in your title, you'll have a global network of SAP leaders, entrepreneurs and career development opportunities at your fingertips.

What you'll do

- Position Title: SAP iXp Intern - Cloud Platform Services, Applications & Products Software Developer
- Location: Vancouver, BC
- Expected Start Date: 2 September 2025
- Contract Duration: 8 months

- Work Hours: 40 hours/week

In this role, you'll:

- Develop cloud services and applications embedded with AI that support translation process and workflow automation
- Drive, design, and develop new features by working with other developers and the development lead
- Setup and maintain the auto test and deployment framework in an agile and continuous delivery mode
- Iteratively architect (and revise architecture) based on emerging requirements
- Provide estimates for assigned work
- Coordinate testing, integration, and documentation of solution
- Monitor and maintain support queues. Provide primary support.
- Perform troubleshooting with respect to system failure in the production environment, including communications with affected users as required.
- Perform knowledge sharing with other developers
- Participate in retrospectives and propose ideas for improving team's effectiveness and delivery process

Meet your team

SAP Language Experience (LX) is a global team responsible for translating all SAP software products and a variety of internal and customer-facing content into more than 40 languages.

As a member of the LX Dev team in Vancouver, you will work in a dynamic environment and maintain internal systems and applications to support the localization process. In addition, you will help develop our new translation platform in the Cloud. If you have web development skills and want to contribute to developing a worldwide platform and applications that are used internally across SAP and externally across the globe, then this may be the role for you.

Bring out your best

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

We win with inclusion

SAP's culture of inclusion, focus on health and well-being, and flexible working models help ensure that everyone - regardless of background - feels included and can run at their best. At SAP, we believe we are made stronger by the unique capabilities and qualities that each person brings to our company, and we invest in our employees to inspire confidence and help everyone realize their full potential. We ultimately believe in unleashing all talent and creating a better and more equitable world.

SAP is proud to be an equal opportunity workplace and is an affirmative action employer. We are committed to the values of Equal Employment Opportunity and provide accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team: Careers@sap.com.

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the **SAP Referral Policy**. Specific conditions may apply for roles in Vocational Training.

EOE AA M/F/Vet/Disability:

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, age, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the hourly base salary rate range applicable for the posted role. The targeted range for this position is 24-35 CAD. The actual amount to be offered to the successful candidates will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. SAP offers limited benefits for employees hired into hourly or like roles subject to applicable plan/policy terms. A summary of benefits and eligibility requirements can be found by clicking this link: www.SAPNorthAmericaBenefits.com.

Requisition ID: 429466 | Work Area: Software-Design and Development | Expected Travel: 0 - 10% | Career Status: Student | Employment Type: Limited Full Time | Additional Locations: #LI-Hybrid

Job Requirements

What you bring

We're looking for someone who takes initiative, perseveres, and stay curious. You like to work on meaningful innovative projects and are energized by lifelong learning.

Education: Computer Science or equivalent proven experience.

Eligibility: Must be currently enrolled, or recently graduated (start date must be within 6 months of graduation date) from a coding academy/bootcamp, apprenticeship, associate, bachelor's, master's or JD/PhD program.

The ideal candidate for this position is a team player, possesses strong communication skills, and demonstrates a solid understanding of software development practices.

Skills and Competencies:

- Development experience in web application/micro service/API service on cloud in: Java, HTML5, .NET C#, JavaScript (jQuery)
- Development experience with Database such as PostgreSQL or MS SQL Server
- Development knowledge with cloud platform such as AWS or GCP
- Good understanding of LLM, prompt engineering and agentic AI
- Working experience with data structures, algorithms and principles of OO design
- Ability to meet aggressive deadlines and quickly understand the existing framework and business requirements
- Strong problem-solving skills
- Ability to prioritize and work on multiple tasks
- Very organized with high attention to detail
- Willing and able to work in different technical environments
- Working experience with software automation testing and continuous development models (Jenkins, Selenium, Sonar, JIRA and Git) is an asset

Citizenship Requirement	N/A
