<b>Job Description</b>	

**Job Title:** Software co-op

**Job ID:** 89517

### **Job Description**

Schneider Electric is a global leader in enterprise energy management systems. Our 144,000 employees thrive in more than 100 countries. Our technology, software and services dramatically improve our client's business results through superior sustainability performance and energy efficiency.

We are seeking a coop student to join our technology team for 4 (extensible to 8) months. The successful candidate will work in a fast-paced Agile team environment and help us advance our cloud-based energy management and information systems.

The Coop student will be primarily responsible for coding and/or testing enterprise applications (backend and frontend) per client requirements.

### **What will you do?**

- Requirements analysis, design, implementation, unit testing, debugging and maintenance of our software applications
- Write well designed, testable, efficient code by using best software development practices
- Automate tasks through appropriate tools and scripting
- Follow our agile software development process
- Other duties as assigned

### **What's in it for me?**

The base pay compensation for this full-time position is starting at CAD20.00 per hour for candidates who are B.C. residents.

Schneider Electric also offers our employees on fixed-term employment holidays and paid time off.

Our core values at Schneider Electric are: inclusion, mastery, purpose, action, curiosity and teamwork. We want our employees to put themselves in our customer shoes and go the extra mile for them. We want our employees to innovate, do not be satisfied with god enough, experiment and take risks, learn from mistakes. Think fast, act fast. We are 100% committed to inclusion. We believe in equal opportunities for everyone, everywhere. We value curiosity and we believe in life-long learning. We want our employees to take responsibility and ownership of everything they do.

**Looking to make an IMPACT with your career?**

When you are thinking about joining a new team, culture matters. At Schneider Electric, our values and behaviors are the foundation for creating a great culture to support business success. We believe that our IMPACT values - Inclusion, Mastery, Purpose, Action, Curiosity, Teamwork - starts with us.

IMPACT is also your invitation to join Schneider Electric where you can contribute to turning sustainability ambition into actions, no matter what role you play. It is a call to connect your career with the ambition of achieving a more resilient, efficient, and sustainable world.

We are looking for IMPACT Makers; exceptional people who turn sustainability ambitions into actions at the intersection of automation, electrification, and digitization. We celebrate IMPACT Makers and believe everyone has the potential to be one.

Become an IMPACT Maker with Schneider Electric - apply today!
