<b>Job Description</b>	

**Position:** Optical Network Mgmt Support Student

**Number of Position(s):** 2

**Duration:** 4 Months

**Date:** May - August 2026

**Location:** Hybrid (3 Days in Office)

**The team you will be a part of**

The Network Infrastructure Optics NMS Technical Support team provides front-line support for NOKIA's Fiber Transmission Network Management platform serving telecom carriers and MSO high-speed transport infrastructure.

Working directly with customers in addition to investigative work behind the scenes using NOKIA's labs and available operational and functional knowledge base.

#### **Education Recommendations**

Currently a candidate for a Bachelor's degree or Diploma in Computer Science, Computer Systems Engineering, Information Technology, or a related field with an accredited school in Canada.

## **Your responsibilities**

**As part of the team, you will:**

- Contribute to server and virtual machine deployments.

- Testbed design and setup using a combination of simulators and real equipment.
- Prepare demos and proof of concept configurations.
- Gain exposure to end-to-end optical networking architectures.
- Learn how networks are managed in terms of operations, administration, maintenance, and provisioning.

### **Job Requirements**

## **Your skills and experience**

- Knowledge of Server Hardware, HP Unix, and Red Hat Linux
- Knowledge of Virtual Machines
- Good communication skills and a desire to learn

### **It would be nice if you also had:**

- General knowledge of scripting languages like Python, Bash/Shell, etc.
- General knowledge of Optical and IP networking
- Ability to test, diagnose, and troubleshoot technical issues

**Citizenship Requirement**                  N/A

## **APPLICATION INFORMATION**

**Application Procedure**                  Through Employer Website

### **Special Application Instructions**

**Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.**
