<b>Job Description</b>	

### **UX Designer Co-op**

**Location:** Vancouver, British Columbia  
**Inspire the World, Create the Future**

**Do you believe in the power of technology to help shape a brighter future and a stronger global community? Are you inspired by the possibilities? Are innovation, camaraderie, and the pursuit of excellence part of your innate drive? Then you've got what it takes to succeed at Samsung.**

Samsung R&D Canada is looking for an enthusiastic co-op student to join the UX team in Vancouver. The successful co-op will work with a talented team of UX Designers and Researchers on real world, global-scale projects.

Working on the UX team, the UX Designer Co-op will work on projects across our lab, from assisting in supporting brand guidelines, user flows and GUI design documents, creating a design system to various iconography requests. You will be using tools, such as, Adobe Creative Suite and Figma to create designs that will be shared with the rest of the UX team and prepared for deployment by our developers.

### **Who You Are**

- Pursuing a Bachelor's or Master's degree in Design, Interactive Arts, Digital Media or related studies
- Team player and works well with cross-team collaboration
- Self-motivated and strives to find solutions if a roadblock occurs
- Excellent prioritization skills and able to produce high quality results within deadlines
- Willingness to learn and develop professionally under the guidance of senior team members

**Additional Information:**

- \$20-\$27/hr (Co-Op pay will be determined based on a number of factors and may vary depending on job-related knowledge, completed study terms, relevant skills, and experience)
- 8 months (January - August)
- Hybrid (Monday-Thursday in office, located in Vancouver)
- Interviews will be 30-45 minutes with selected candidates

**Job Requirements**

**Your Background**

- Strong foundation of current design practices and a keen eye for detail
- Ability to multi-task and work on simultaneous design requests, no matter how big or small
- Interacts effectively with others and contributes to a positive team environment
- Interest in the tech industry

**Bonus / Nice to Have Skills**

- Deep understanding of user centric design methodology
- Experience using style guides/design systems
- Experience using research to enrich design solutions

**Citizenship Requirement**                    N/A

**APPLICATION INFORMATION**

**Application Procedure**                    Through UBC Science Co-op

**Cover Letter Required?**                    Yes

**Address Cover Letter to**                    Hiring Manager
