### **Who we are:**

Geotab ® is a global leader in IoT and connected transportation and certified "Great Place to Work™." We are a company of diverse and talented individuals who work together to help businesses grow and succeed, and increase the safety and sustainability of our communities.

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Geotab Marketplace ®, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with their other data assets. Processing billions of data points a day, Geotab leverages data analytics and machine learning to improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety and achieve strong compliance to regulatory changes.

Our team is growing and we're looking for people who follow their passion, think differently and want to make an impact. Ours is a fast paced, ever changing environment. Geotabbers accept that challenge and are willing to take on new tasks and activities - ones that may not always be described in the initial job description. Join us for a fulfilling career with opportunities to innovate, great benefits, and our fun and inclusive work culture. Reach your full potential with Geotab. To see what it's like to be a Geotabber, check out our [blog](#) and follow us @InsideGeotab on [Instagram](#). Join our [talent network](#) to learn more about job opportunities and company news.

# Who you are:

We are looking for amazing talent who can contribute to our efforts and deliver results! Geotab is seeking an intern who will immediately contribute to the Development Team's efforts. If you love technology and software development, are well organized and energetic with an industry leader, we would love to hear from you!

As a Software Developer Intern, your key area of responsibility will be to ensure the reliable operation of a web-based application that makes sense of the data collected by our state-of-the-art hardware. We receive detailed data and metrics for hundreds of thousands of vehicles every second, which is processed and interpreted to create actionable information for our customers. This position will involve writing high-performance C# code and SQL queries to process and store this information in real-time. This position utilizes React and TypeScript to create fast and responsive user interfaces. Understanding the performance impact of designs, threading, good UI design and scalability, will make you an ideal and successful candidate who will find reward in building robust software that can function 24/7 without down time.

• 8, 12, 16-month work-term beginning January 2026.

• Full-time, paid internship: Monday - Friday, 37.5hrs/week.

• Your first week at Geotab begins with 'GEO Launch' - a one-week Employee Orientation. Click [here](#) to learn more!

Learn more about the Geotab Campus Program [here](#).

# The opportunity:

• Participate in team meetings and discussions.

• Use GitLab for source control.

• Develop software and refine features for C# .NET backend application.

• Develop UI components using TypeScript, Angular, React, HTML and CSS.

• Develop automated unit tests using XUnit in C#.

• Create database access code using SQL queries and Postgres database.

• Participate in peer reviews.

• Debugging and testing software.

• Write technical documentation.

## Job Requirements

# What you'll bring to the role:

• Pursuing a University degree in Engineering, Computer Science, Mathematics or a related field.

• Strong communication, organization, and time management skills, as well as a willingness to learn and strong work ethic.

• Experience with React, JavaScript/TypeScript, HTML and CSS is an asset.

If you got this far, we hope you're feeling excited about this role! Even if you don't feel you meet every single requirement, we still encourage you to apply.

**Please note: Geotab does not accept agency resumes and is not responsible for any fees related to unsolicited resumes.**

**Please do not forward resumes to Geotab employees.**

**Citizenship Requirement**      N/A

## APPLICATION INFORMATION

**Application Procedure**      Through Employer Website
