Job Description

Job Title: Mobile Application Developer Co-op (Winter 2026)
Job ID: 2025-21338
Get ready for a Naan-Traditional placement experience!
We're not your average bakery. We're a team of passionate thinkers and doers that are challenging the idea of what a bakery can be. We operate like a startup, powered by creativity and a 'roll up your sleeves' mentality, to give our customers the best possible product

Job Summary

As a Mobile Application Developer co-op, you will work closely with our experienced development team to create, test, and maintain mobile applications across multiple platforms. Under the guidance of senior developers, you will have the opportunity to collaborate on various projects, implementing features, troubleshooting issues, and ensuring high-quality deliverables.

Key Responsibilities

• Collaborate with the development team to design, develop, test, and deploy mobile applications for iOS and Android platforms
•Participate in the entire software development lifecycle, from requirements gathering to deployment and maintenance
•Write clean, efficient, and maintainable code following industry best practices and coding standards
•Conduct thorough testing and debugging of mobile applications to identify and resolve any issues or bugs
•Collaborate with designers, product managers, and other stakeholders to ensure the applications meet user requirements and
 deliver a seamless user experience
In compliance with Ontario's Bill 190, we confirm that this posting represents a current, existing vacancy within our organization.

Job Requirements

Key Qualifications

• Solid understanding of mobile application development concepts and frameworks, including iOS and/or Android development

• Experience with programming languages such as Swift, SwiftUI, Objective-C, Java, Kotlin, or React Native

• Familiarity with front-end technologies such as HTML, CSS, and JavaScript is a plus

• Strong problem-solving skills and attention to detail

• Excellent communication and teamwork skills

• Familiarity with OOPS design principles

• Ability to adapt to changing project requirements and work in a fast-paced environment

Citizenship Requirement   N/A
