About QuadReal Property Group

QuadReal Property Group is a global real estate investment, operating and development company headquartered in Vancouver, British Columbia. Its assets under management are $94 billion. From its foundation in Canada as a full-service real estate operating company, QuadReal has expanded its capabilities to invest in equity and debt in both the public and private markets. QuadReal invests directly, via programmatic partnerships and through operating platforms in which it holds an ownership interest.

QuadReal seeks to deliver strong investment returns while creating sustainable environments that bring value to the people and communities it serves. Now and for generations to come.

QuadReal: Excellence lives here.

www.quadreal.com

We are committed to providing our Co-ops/Interns with a student experience that provides a supportive and engaging learning

environment while developing skills and business acumen. Students will have the opportunity to participate in a variety of experiences including our Speaker Series, Fireside Chats, Volunteer opportunities and Networking events.

Eligibility Note: To qualify for a student (Co-op/Internship) opportunity, students must be enrolled in their academic studies at a post-secondary institution (university/college) and must be returning to school after completion of their work term with QuadReal. If you are a student registered in an official co-op program at your post-secondary institution and completion of a final work term is a mandatory component for you to graduate, you are eligible to apply with the understanding that you will leave QuadReal at the end of your work term or have the possibility to be considered for full-time opportunities.

Based in Calgary, the Co-op/Intern, Architecture & AI, will report to the VP, AI & Innovation, and VP, Architecture, Cyber Security & Integration, and support QuadReal's Information Technology department.

What We Offer:
• An organization and leaders that support your development through meaningful work experience
• A Student Mentorship Program designed to provide support throughout your experience
• Opportunities to build your industry knowledge through weekly Speaker Series & Fireside Chats
• Opportunities to participate in case competitions within QuadReal during your work term, fostering cross-functional collaboration with intern peers and enhancing exposure to real-world problem-solving.
• Giving back to the community with your peers and team members through volunteering events
• Opportunities to build long-lasting industry and professional relationships

What You Will Experience:
• Collate information to create and maintain reports and presentations, for the release of various business forums and audiences
• Assist with collecting data and coordinating for AI Proof-of-Concept
• Assist in troubleshooting or triaging technical support requests
• Organize the team's SharePoint, MS Teams sites and other digital documentation
• Create Knowledge Base Articles for diverse applications
• Assists in the development and documentation of processes
• Assist with organizing and scheduling team meetings
• Provide other admin support as required
• Perform other duties as assigned

Job Requirements

What You Will Bring:
• Currently enrolled in an academic program, preferably in Computer Science, Information Technology, or Business.
• Strong quantitative and analytical skills; detail-oriented and familiar with AI applications and concepts.
• Excellent communication and presentation skills; demonstrate an ability to effectively communicate and present results that articulate key themes and messages.
• Proficient knowledge with productivity tools: Microsoft Office, Teams, and SharePoint.
• An eagerness and curiosity to learn and understand complex problems.
• Previous experience working in an IT related environment is an asset.

Citizenship Requirement   N/A
