Job Description	

September 2025 Cybersecurity/IT Co-op Student (IAM)

Job Id: 18514

Apply Before: 06/13/2025

Locations:

• Calgary, AB, CA

•Edmonton, AB, CA

What We Offer:

• A culture based on caring, integrity, agility, collaboration, safety, and belonging

•Salary increases every semester plus 6% vacation pay

•Opportunities to give back through ATCO's EPIC Program and team events

•Well-Being@ATCO Health & Wellness Program

•So much more!

Your career journey at ATCO has the potential to be full of new experiences, inspiring challenges, and growth without boundaries.

Set your sights on how you want to grow and develop, and we'll be right there to support you along the way.

What you get to do:

• Assist the lifecycle of user identities across systems and applications, including user provisioning, de-provisioning, and access

changes based on role or business need.

•Support with user password reset and authentication-related issues, and multi-factor authentication (MFA) configurations.

•Monitor the Identity and Access Management (IAM) queue and respond to IAM-related service tickets or incidents.

•Support access review cycles, working with business units to validate appropriate user access based on role and function.

•Maintain and update standard operating procedures (SOPs) and training documents for IAM processes.

•Participate in regular team meetings and contribute to ongoing IAM projects.

Please note that only those selected for interviews will be contacted.

Job Requirements

Who you are:

• **Must** be enrolled in a co-op (or internship) program at a recognized Canadian university.

•Have Excellent computer skills and experience working with Microsoft Office Suite.

•Ability to communicate verbally and in writing clearly and concisely, using appropriate technical vocabulary.

Qualifications:

• Currently enrolled in a Computer Science, Computer Engineering, Software Engineering, or related field.

•Strong interest and aptitude in cybersecurity and IT.

•Proven ability to communicate and collaborate effectively with clients, support staff, vendors, and service providers.

•Demonstrated ability to troubleshoot issues in complex mission-critical environments.

•Excellent organizational and planning skills with the ability to manage competing priorities.

•Strong personal initiative, ability to deliver high-quality results, and a desire for continuous improvement.

•Ability to work independently and as part of a team.

Citizenship Requirement   N/A
