Job Description	

Job Title: Radio Software Developer Developer Intern
Job ID: 776610
Location: Ottawa, ON
Duration: 12 to 16 months
Start Date: May, 2026
At this time, Ericsson Canada Inc. does not provide immigration assistance/sponsorship now or in the future for this position.
About this opportunity:
As the tech firm that created the mobile world, and with more than 54,000 patents to our name, we've made it our business to make a mark. When joining our team at?Ericsson?you are empowered to learn, lead and perform at your best, shaping the future of technology. This is a place where you're welcomed as your own perfectly unique self, and celebrated for the skills, talent, and perspective you bring to the team. Come, and be where it begins.
What you will do:
• Develop production software.
•Develop automated test cases to secure legacy functionality.
•Develop development and troubleshooting tools that build on ML/AI capabilities.
•Trouble shoot and contribute to resolution of issues uncovered during testing.
•Working with the team, and on your own, to perform software/hardware integration testing in the lab.
•Perform hands-on nodal verification of the delivered functionality.

•Review software designs and test plans
•Report on test results
