Job Title: Data Engineer (Co-op) - Fall Term
About League
Founded in 2014, and with a total funding currently at $220 million; League is a platform technology company powering next-generation healthcare consumer experiences. Payers, providers, consumer health partners and employers build on League's platform to deliver high-engagement, personalized healthcare experiences consumers love. Millions of people use solutions powered by League to access, navigate and pay for care.
Launch Your Data Engineering Career!
Join our team and gain hands-on experience in building and maintaining data pipelines. You'll learn the fundamentals of ETL processes, data warehousing, software development, and working with large datasets. Participate in designing and implementing data solutions, contributing to data quality initiatives, and exploring cutting-edge data technologies. This co-op is your chance to build a strong foundation in a rapidly growing field.
Citizenship Requirement N/A

Our Application Process:

Applying to a role you love can be exhausting, and understanding the next steps can feel vague and uncertain. You have done the hard part of submitting your application; let's do ours by sharing potential next steps

• You should receive a confirmation email after submitting your application.

•A recruiter (not a computer) reviews all applications at League.

•If we see alignment with League's needs, a recruiter will reach out to learn more about your goals. The recruiter will also share the team-specific interview process depending on the roles you are exploring.

•The final step is an offer, which we hope you will accept!

•Prior to joining us, we conduct reference and background checks. Additional checks could be required for US Candidates, depending on the role you are exploring.

Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website. Applications are accepted on a rolling basis and the posting may be expired at any time by the employer as submissions are received. Students should submit their applications as soon as they are ready.
