**Job Description**

**Student, Investly Software Development**

At Fidelity, we've been helping Canadian investors build better financial futures for over 35 years. We offer individuals and institutions a range of trusted investment portfolios and services - and we're constantly seeking to find new and better ways to help our clients. As a privately owned company, we boldly embrace innovation in all areas as we continue to grow our business into the future.

Working with us means you'll be part of a diverse and dedicated group of people who make a real difference for our clients and communities every day. You'll have a wide range of opportunities to grow and develop your career in an inclusive environment where you'll feel valued and supported to be your best - both personally and professionally.

Investly is a rapidly growing business, helping young investors by proving a mobile experience to help invest, set goals, and learn. Investly's target demographic includes the student population, making this new distribution channel for Fidelity a new and exciting opportunity.

**What we provide:**

Fidelity offers you the chance to build a career, develop professionally and explore different career paths throughout the company. Students are placed into an area of interest and will be provided with a mentor to support them throughout their journey. We offer

our students an extensive training program to help enhance skills in communication, public speaking, networking, business etiquette and emotional intelligence. Fidelity proudly supports various non-profit organizations and provides students with the opportunity to volunteer to make a difference in their community. You've worked hard to prepare yourself for a great career. No matter what your undergraduate degree is in, there is an opportunity for you at Fidelity.

**How you'll make an impact:**
The primary role of the student in **Investly Software Development** is to provide support for Investly by contributing to a number of strategic initiatives over the term.

**You will have the opportunity to:**
• Help contribute to software development efforts on the Investly application (mobile, frontend and backend)
• Coordinate with data stakeholders to develop data pipelines
• Build and maintain automated test
• Contribute to software design and architecture
• Learn how Investly's software development life cycle works

**Current work authorization for Canada is required for all openings.**
We care a lot about fostering a compassionate, people-centric culture, and are proud to have been named one of Canada's Top 100 employers for the last five years.
**Fidelity Canada is an equal opportunity employer**
Fidelity Canada is committed to fostering a diverse and inclusive workplace. We will consider all qualified applicants for employment regardless of race, color, religion, sex, sexual orientation, gender identity or expression, national or ethnic origin, age, disability, family status, protected veterans' status, Aboriginal/Native American status or any other legally-protected ground.
**Accommodation during the application process**
Fidelity Canada welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in the selection process. If you require an accommodation, please email us at
FidelityCanadaStaffing@fidelity.ca.
**No telephone inquiries or agencies please. We thank all applicants for their interest, please be advised that only those selected for an interview will be contacted.**
**Why Work at Fidelity?**
**We are proud to be recipients of the following:**
**Awards**
• Canada's Top 100 Employers
o Greater Toronto's Top Employers
o Canada's Top Family-Friendly Employers
o Canada's Top Employers for Young People

• Great Place To Work® Certified

• LinkedIn Top Companies in Canada

• Human Resource Director (HRD) - Best Place To Work
o HRD - 5-Star Benefit Program
o HRD - 5-Star Diversity & Inclusion Employer

**Designations**

• Canadian Compassionate Companies - Certified
• Benefits Canada's Workplace Benefits Award - Future of Work Strategy
• TalentEgg National Recruitment Excellence Award - Special Award for Diversity & Inclusion in Recruiting
• Canadian HR Reporter's Most Innovative HR Team

## Job Requirements

**What we're looking for:**

• You are working towards a university degree in Computer Science or Software Engineering (preferred)
•You are proficient with Microsoft Excel and Microsoft Office
•Ability to work on a team as well as independently in a fast-paced environment
•Creative thinking
•Experience with programming languages such as C++, Java, Python, or JavaScript (preferred)
•Experience with version control software such as Git (preferred)
•You must be currently enrolled in a registered co-op program to be considered for this position
•You must also be available on a full-time basis for the duration of the term

**Citizenship Requirement**          N/A

# APPLICATION INFORMATION

**Application Procedure**          Through Employer Website

**Cover Letter Required?**          Optional

**Special Application Instructions**

**Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.**
