Job Title: Infrastructure Engineer Intern
Job ID: 361424
About Signify
Through bold discovery and cutting-edge innovation, we lead an industry that is vital for the future of our planet: lighting. Through our leadership in connected lighting and the Internet of Things, we're breaking new ground in data analytics, AI, and smart solutions for homes, offices, cities, and beyond.

At Signify, you can shape tomorrow by building on our incredible 125+ year legacy while working toward even bolder sustainability goals. Our culture of continuous learning, creativity, and commitment to diversity and inclusion empowers you to grow your skills and career.

Join us, and together, we'll transform our industry, making a lasting difference for brighter lives and a better world. You light the way.

More about the role
This is an exciting internship opportunity for you to light the way as an **Infrastructure Engineer Intern** in **Mississauga** with Cooper Lighting Solutions a business unit of Signify, the world leader in lighting.

This is a four (4) month internship, from January to April 2026.
Salary Range: $22.45-$27.85 per hour

• Work closely with DevOps/Platform team for a platform modernization project
•Understand existing linux based microservice application platform

•Implement containerization and orchestration using modern technologies
•Automate configuration and deployment using scripting

Everything we'll do for you

You can grow a lasting career here. We'll encourage you, support you, and challenge you. We'll help you learn and progress in a way that's right for you, with coaching and mentoring along the way. We'll listen to you too, because we see and value every one of our 30,000+ people.

We believe that a diverse and inclusive workplace fosters creativity, innovation, and a full spectrum of bright ideas. With a global workforce representing 99 nationalities, we are dedicated to creating an inclusive environment where every voice is heard and valued, helping us all achieve more together.

Come join us, and together we can light the way.

Job Requirements

More about you

While we value and appreciate all applicants, we believe that the following experience and skills will be needed to shine brightly in this job opening:
• Currently pursuing a university degree in Computer Science or Software Engineering.
•Experience in building ideas into working projects (personal projects preferred)
•Comfortable learning new concepts and a passion for fully understanding how things work.
This internship could lead to an at will full-time role in Signify.

We are an equal opportunity employer and is committed to treating all people in a way that allows them to maintain their dignity and independence. We welcome and encourage applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.

To be eligible for this position, you must legally be permitted to work in Canada and travel within North America, without any additional sponsorship support from Signify.

Citizenship Requirement   N/A
