About GPTZero

GPTZero is on a mission to restore trust and transparency on the internet. As the leading AI detection platform, we empower educators, students, journalists, marketers, and writers to navigate the evolving landscape of AI-generated content. With millions of users and institutions relying on us, we're building a category-defining company at the intersection of AI and information integrity.

Our team comes from high-performing engineering cultures, including Uber, Meta, Perplexity, Amazon, Affirm, and leading AI research labs, including Princeton, Caltech, MILA, and Vector.

What we're looking for

In this role, you'll build the next-gen platform to verify the origin, quality, and factuality of the world's information. The ideal intern candidate is someone who is a voracious learner, has a history of building applications from the ground up, and can break down complex challenges.

You'll be working on a fast-paced team of passionate builders and partnering closely with our ML and design teams, to create industry-defining software that has attracted over 2M users globally. Past intern projects have been the focus of demos to VCs and state-level policy leaders.

Responsibilities

• Build and deploy high-impact, intuitive, AI-driven web apps in React, Node, and Tailwind

•Develop top-requested features from our users on our dashboard, chrome extensions, and API

•Utilize product analytics to make data-driven product decisions

•Collaborate with our ML, design, and business teams to develop new product initiatives

•Wear multiple hats and work across the product stack

Job Requirements

Qualifications

• Comfortable building end-to-end experiences from backend to CSS

•+2 years of experience with modern web frameworks (Express, Next.js, Typescript, and React)

•+1 years of experience with databases (PostgreSQL, AWS RDS)

•Highly motivated to make positive societal impact

•Work with 5 hours of overlap with Eastern Standard Time

•*Bonus*:

• strong open-source portfolio

•experience working in an early-stage startup environment

•experience as a peer-edited writer

Who you'll be joining

Our Team

You will be working directly with

• Alex (our CTO) R&D at Uber self-driving division and Facebook, 3 patents in ML

•Edmond (our fullstack lead) Obama Foundation Scholar at Columbia University and Editor-in-chief of The Andela Way

•Olivia (our head of design) on translating your research into outputs for millions of users.

•Edward (our CEO, ex-Bellingcat, Microsoft, BBC investigative journalism) to craft the messages we send to our community, and shape the GPTZero brand.

Additionally, you will be working with an **experienced** (eg. *ex-Google, Meta, Microsoft, Bloomberg ML, Uber, Vector, MILA*), **diverse** (eg. *an engineering team with both Y-combinator and Obama scholarship recipients, a designer with art featured in the Met),* and **driven** (eg. an *operator who has scaled a company to 100M+ revenue and is committed to doing it again)* group of individuals, described by one investor as one of the strongest founding teams seen in their career.

Together, we are committed to making a permanent impact on the future of writing, and on humanity.

Our Angels and Advisors

• Tom Glocer (Legendary Reuters CEO)

•Mark Thompson (Legendary NYT CEO and current CNN chief executive)

•Jack Altman (CEO of Lattice, brother of Sam Altman)

•Karthik Narasimhan (Princeton NLP Professor, co-author of OpenAI's original GPT paper)

•Emad Mostaque (CEO of Stability AI)

•Doug Herrington (CEO of Worldwide Amazon Stores)

•Brad Smith (President of Microsoft)

•Tripp Jones (Partner at Uncork Capital)

•Ali Partovi (co-founder of Code.org, early investor in Dropbox and Airbnb)

•Russ Heddleston (CEO of Docsend)

•Alex Mashrabov (Snapchat, Director of AI)

•Faizan Mehdi (Affinity, Director of Demand Generation)

Our Perks

• Health, dental, and mental health benefits

•Hybrid work in Toronto and NYC offices

•Competitive salary

•Flexible PTO

•Regular company retreats

•Mentorship opportunities with our world-class team, advisors, and investors

•Wellness and learning stipend

Citizenship Requirement   N/A
