Position Summary:

Wellington-Dufferin-Guelph Public Health is dedicated to promoting and protecting the health of individuals and communities in Wellington County, Dufferin County and the City of Guelph. With a vision of health and well-being for all, we strive to address the diverse health needs of our population through innovative programs and initiatives, upstream interventions and collaborative partnerships. From immunization campaigns to disease surveillance and community health promotion, our team of dedicated professionals works to ensure the well-being of everyone in our communities.

As a workplace, WDG Public Health offers a dynamic environment where passion for public health meets professional excellence. Employees have the opportunity to make a meaningful impact on the health outcomes of our communities while enjoying a supportive and inclusive work culture. With ongoing opportunities for professional development, a commitment to work-life balance, competitive compensation and benefits and a strong sense of community within our organization, WDG Public Health is not only a great place to work but also a rewarding place to grow and thrive in your career.

Read our 2024-2028 Strategic Plan on our Careers homepage for more about our vision, mission, values, goals and priorities.

If you are looking for a rewarding opportunity to use your knowledge and skills to make a difference in the health of our communities, we invite you to apply.

We offer a competitive compensation package including:
• Optional defined benefit OMERS Pension Plan with 100% employer matching;
• EAP wellness program for individuals and family;
• Employer paid parking;
• 35-hour work week;
• Many opportunities for growth and development.

WDG Public Health is a hybrid work environment. Certain employee groups may be permitted to work remotely based on the nature of the position and program. A minimum expectation of 3 days per week onsite presence is required for this position and program.

We are seeking an IT Co-op Fullstack Developer to join our dynamic software development team. As an IT Co-op Fullstack Developer, you will have the opportunity to work on real projects and gain hands-on experience in developing software solutions. You will be mentored by experienced team members and work in a fast-paced, agile environment. You will work with content management systems (Drupal, WordPress, Microsoft, Oracle, etc.) with an information security mindset.

Anticipated Projects:
• AI research and automation
• Developing web based applications using open source and/or Microsoft 365 technologies
• Power BI report server - Power BI service integration

Hours of Work:

Regular Office Hours: Monday to Friday, 8:30 AM to 4:30 PM (35 hours per week)
A minimum of 3 days per week in the Guelph office is required

Position Effective:

September 8, 2025
We thank all applicants, however, only individuals selected for an interview will be contacted.

WDG Public Health is committed to providing accommodation during the recruitment process for people in accordance with the Ontario Human Rights Code. If you require accommodation(s), please advise Human Resources in advance and we will work with you to meet your needs. The organization will maintain the confidentiality of information related to an accommodation request and will only disclose this information with the consent of the employee or applicant.

WDG Public Health is an equal opportunity Agency. Personal information is collected under the authority of the Municipal Freedom

of Information and Protection of Privacy Act, and will be used to determine eligibility.

If successful in the hiring process, it is important to understand that you would be an employee of a health care organization that strongly believes in the importance of immunizations as a necessary public health measure to control the spread of infectious diseases. Subject to any duty to accommodate under the Human Rights Code of Ontario, successful applicants will be required to comply with the Agency's Immunization Policy. This policy is available upon request. Applicants who are unable to be immunized due to a valid medical contraindication must have a Statement of Medical Exemption Form completed by their primary care provider.

Job Requirements

Requirements:
• Enrolled in a Computer Science degree program or related field.
• Previous co-op experience is considered an asset.
• Students must be eligible and enrolled for a co-op placement as part of their program. Students will be asked to provide proof of their eligibility.
• Excellent written and verbal communications.
• Ability to work as a part of a team and independently.
• Ability to prioritize, attention to detail.
• Ability to meet deadlines and manage assignments.
• Experience with programming languages, web technologies, Microsoft Windows and/or Unix/Linux - operating systems.
• Knowledge of Microsoft SQL, MySQL, or other databases would be an asset.
• Knowledge of dashboard tools such as Microsoft Power BI would be an asset.
• Ability and willingness to work a minimum of 3 days per week in the Guelph office.

Citizenship Requirement   N/A
