Job Title: Software Developer Co-op
Job ID: 3147082
Application Deadline: <mark>March 31, 2025</mark>
Description -
Our exciting growth and continuing success means that we are looking for one (1) energetic co-op student (Engineering or Computer Science or Physics) to join our Software Development team. This is an exciting opportunity to participate in the development and testing of HP's software and to assist in modernizing our development and build environment. You will be joining a team that is building a microservices application that can be installed and run by customers, as well as running as SaaS solution. As a Software Developer you will focus on test automation and CI/CD to embrace DevOps culture, you will be part of the development team in building a quality product and designing automated tests that will become part of the CI/CD pipeline of the new product, and enable high iterations and frequent releases with confidence.

Responsibilities:
• Contribute to building, enhancing and maintaining an effective CI/CD pipeline to support the frequent release of the product.
•Building scalable, cost effective test automation with a focus on product level integration tests and end-to-end test.
•Integrating automated security scanning and testing into the CI/CD pipeline.
•Contribute to integrating automated testing into the CI/CD pipeline.
•Be an active member of a Scrum team and to learn about agile software development.
•Testing of developed components within a virtual desktop infrastructure.
•Learn about the DevOps culture.

Education and Experience Required:
Enrolled in University.

HP Canada is an equal opportunity employer. We welcome the many dimensions of diversity. Upon request by qualified candidates, accommodation of special needs may be considered during all stages of the selection process within the framework of the HP Accommodation Policy. If you need assistance in filling out the employment application or require a reasonable

accommodation while seeking employment, please e-mail hrgsglobalstaffing@hp.com. Note: This option is reserved for applicants needing a reasonable accommodation related to a disability.

In order to satisfy our contractual obligations with clients, the successful candidate will be required to pass a basic, standard Criminal Records check. You will also be required to sign off on HP's Confidentiality, Non-Solicitation and Conflict of Interest Agreement.

HP's commitment to diversity, equity and inclusion - it's just who we are. From the boardroom to factory floor, we create a culture where everyone is respected and where people can be themselves, while being a part of something bigger than themselves. We celebrate the notion that you can belong at HP and bring your authentic self to work each and every day. When you do that, you're more innovative and that helps grow our bottom line. Come to HP and thrive!
