Job Description

WHAT MAKES US EPIC?

At the core of Epic's success are talented, passionate people. Epic prides itself on creating a collaborative, welcoming, and creative environment. Whether it's building award-winning games or crafting engine technology that enables others to make visually stunning interactive experiences, we're always innovating.

Being Epic means being a part of a team that continually strives to do right by our community and users. We're constantly innovating to raise the bar of engine and game development.

PROGRAMMING - UNREAL ENGINE

What We Do

Unreal-powered projects have been on the bleeding edge of real-time entertainment for over 20 years. Our team of programming experts are always innovating to improve the tools and technology that empower content developers worldwide.

LANGUAGE PROGRAMMER INTERN

What You'll Do

As a Programming Language Programming Intern at Epic Games, you will be working on the team at the center enabling the next generation of game developers. We are looking for someone with an interest in and love of programming languages and programming language implementation. In this role, you will be working on the implementation of the Verse programming language, which is a new programming language created by Epic and designed for coding game experiences at metaverse scale!

In this role, you will

• Work on the Verse compiler and tool chain

• Add features to the new and from-scratch Verse Virtual Machine

• Work at the intersection of Unreal Engine, UEFN, and Verse

ABOUT US

Epic Games spans across 25 countries with 46 studios and 4,500+ employees globally. For over 25 years, we've been making award-winning games and engine technology that empowers others to make visually stunning games and 3D content that bring environments to life like never before. Epic's award-winning Unreal Engine technology not only provides game developers the ability to build high-fidelity, interactive experiences for PC, console, mobile, and VR, it is also a tool being embraced by content creators across a variety of industries such as media and entertainment, automotive, and architectural design. As we continue to build our Engine technology and develop remarkable games, we strive to build teams of world-class talent.

Like what you hear? Come be a part of something Epic!

Epic Games deeply values diverse teams and an inclusive work culture, and we are proud to be an Equal Opportunity employer. Learn more about our Equal Employment Opportunity (EEO) Policy here.

Note to Recruitment Agencies: Epic does not accept any unsolicited resumes or approaches from any unauthorized third party (including recruitment or placement agencies) (i.e., a third party with whom we do not have a negotiated and validly executed agreement). We will not pay any fees to any unauthorized third party. Further details on these matters can be found here.

Job Requirements

What we're looking for

• Basic experience in compilers, tool chains, or programming language virtual machines
• Proficiency in C or C++
• Interested in good software programming principles
• Demonstrated ability to communicate fluently in English (written and verbal)

This internship has a flexible start date in 2026. Recruitment will be ongoing until teams find an ideal match. Applicants must be legally authorized to work in the posting location for the duration of the internship. For more information about Epic's Early Career Program, visit epicgames.com/earlycareers. This is going to be Epic!

Citizenship Requirement   N/A
