Job Description

Position: Full Stack Android / iOS Mobile App Developer
Organization: Salyx
Duration: 8 months
Start date: January 2 2026
Location: Remote within British Columbia
Compensation: $3,020 gross per month working 39 hours per week

Company Description
Salyx Medical is a MedTech company that develops innovative medical IoT devices that connect to cloud services and mobile apps. Our ecosystem is part of a new Smart Patient-Monitoring Solution. The Salyx Medical Device monitors more than five key health vital signals and warns the user of abnormal levels. Unlike other trackers in the industry, the Salyx Tracker requires minimal user intervention and brings the logging functionality of hospital technology right to your home.
