Job Req: R09454

# Join us and assimilate cutting edge tech knowledge at *SOTI: Next Gen!*

**Job Title:** Associate Product Manager Intern - SOTI XSight
**Location:** Mississauga, Ontario, Canada
**Who We Are**
At SOTI, we are committed to delivering best in class mobile and IoT device management solutions. We are looking for out of the box thinkers that appreciate the art of creating great software.
To us, being visionary is more important than doing things the way they've always been done.??

**What's in it for you?**
*The People* - Our people are our most important resource. From our humble origins in our founder's basement, to our industry leading position today, SOTI has worked hard to foster a company culture that we can all believe in. A culture that emphasizes personal growth, continuous innovation and fun.
*The Growth* - Our environment fosters new ideas, fresh perspectives, and the ability to take them over the goal line. SOTI is a fast-paced environment with a global reach that encourages you to make your mark and be part of something big!
*The Technology* - You'll get the chance to work with leading edge technologies and take on complex and interesting projects, as part of highly collaborative and agile teams. You will work alongside SOTI's partners which include leading tech giants that will keep you on the cusp of emerging technologies.

## What You'll Do

• Participate in the entire product line life cycle from strategic planning to tactical activities.

•Research customer and market needs and requirements.

•Write requirements in Agile Methodology and create wire frames.

•Fulfil scrum duties of a Product manager as needed, including conducting sprint planning and reviewing meetings, authoring stories and maintaining the product backlog.

•Establish and maintain the product roadmap by prioritizing solutions to align with business goals.

•Daily interaction with software developers and testers.

•Work with Marketing to produce product collateral and sales tools.

•Train both Sales Support and Technical Support in the use and operations of the product.

•Conduct product demonstrations for partners and key prospects.

## About SOTI

SOTI is the world's most trusted provider of mobile and?IoT management?solutions, with more than 17,000 enterprise customers and millions of devices managed worldwide. SOTI's innovative portfolio of solutions and services provide the tools organizations need to truly mobilize their operations and optimize their mobility investments. SOTI extends?secure mobility management?to provide a total, flexible solution for comprehensive management and security of all mobile devices and connected peripherals deployed in an organization.?

At SOTI, we celebrate the uniqueness of our global teams and are proud to be an equal opportunity workplace. We are curious problem solvers who are committed to bringing the best mobile and IoT management solutions to market. We offer careers with #EndlessPossibilities.

*We are committed to providing accessible employment practices that are in compliance with the requirements under the Human Rights Code and the Accessibility for Ontarians with Disabilities Act (AODA). If you require accommodation during any stage of the recruitment process, please notify People & Culture at careers@soti.net.*

*Please note that SOTI does not accept unsolicited resumes from recruiters or employment agencies. In the absence of a signed Services Agreement with agency/recruiter, SOTI will not consider or agree to payment of any referral compensation or recruiter fee.*

## Job Requirements

### Experience You'll Bring

• You are someone that likes to think about software design from the perspective of the user experience, both functionally and aesthetically.

•You have strong analytical, problem solving and decision-making skills.

•You have solid understanding of the latest software technologies, trends and strategies.

•You have great passion for modern technology and solid general knowledge of IT.

•You are eager to constantly learn new tools and techniques.

•You have excellent communication and articulation skills and you will be able to share and exchange ideas with your team members and management.

•You have confidence and ability to interface professionally with a wide spectrum of customers.

•You are a student enrolled in either IT, Computer Science or another relevant program.

## Citizenship Requirement          N/A
