Job Description

Job Title: AI Solutions BI Developer Co-Op (Fall 2025)
Job ID: 2025-19192
Get ready for a Naan-Traditional placement experience!
We're not your average bakery. We're a team of passionate thinkers and doers that are challenging the idea of what a bakery can be. We operate like a startup, powered by creativity and a 'roll up your sleeves' mentality, to give our customers the best possible product.

Job Summary
We are looking for a highly motivated and enthusiastic co-op who has passion for working with data, BI and AI. The ideal candidate has some experience, education and exposure working with databases and business intelligence tools, preferably Power BI, Python, Pyspark, AI Services, and Databricks.

Key Responsibilities
• Develop stored procedures, views, tables, and database designs
•Create Power BI reports
•Work with Azure Data Pipelines
•Write and maintain Python code
•Explore methods to build AI-powered dashboards
•Attend requirement analysis sessions with users
•Participate in proof of concept (POC) activities
In compliance with Ontario's Bill 190, we confirm that this posting represents a current, existing vacancy within our organization.

Job Requirements

Key Qualifications
• Pursing post-secondary studies in Computer Science, AI, Software Engineering or related field
•Experience with SQL server, Power BI, and SSAS Tabular model
•Comfortable with building reports, dashboards and KPIs preferably in Power BI
•Python programming, Databricks, AI services
•Understanding user's requirements, data analysis and business analysis
•Eager to learn new technologies
•Excellent communication skills, time management skills, and problem-solving skills
•Priority driven, high attention to detail, self-motivated, and can work independently

Citizenship Requirement   N/A
