Job Description

Job Title: Operational Technology - Co-op Student
Job ID: R127243
As an Operational Technology - Student you will work closely with stakeholders to understand organizational challenges, analyze existing IT systems and processes, and be involved in building the business case to potentially implement tailored solutions to improve performance and streamline operations. You will, under the direction of experienced Solution Analysts, define project requirements, create functional specifications, and bridge communication between business units and technology teams. Your goal will be to focus on specific areas of the business to understand how technology can improve the work environment and drive consistency and efficiency. Your success will be defined by the increased utilization of technology by the business.
What We Offer:
• Professional Development - Student focused learning & development sessions, mentorships and networking events
•Student Benefits - Housing allowance, co-op fee reimbursement and parking allowance for qualifying candidates.
•Work Environment - Work in our beautiful home office building with access to a fitness facility, onsite nurse, and a café
•Wellness Support - With 24/7 access to our Employee & Family Assistance Program
•Volunteer and donation matching program - Choose when and where to make an impact with a paid volunteer day, company
 volunteer opportunities, and a donation matching program
Irving Oil is committed to supporting a diverse and inclusive work environment. We thrive on the good energy that's created when our people from different backgrounds, identities, cultures and experiences share their unique perspectives. Diversity is key to our success and inclusion is everyone's responsibility.

Job Requirements

Your Skills:

- Strong verbal and organizational skills
- Effective communication skills
- Ability to collaborate with others in a team environment
- Self-motivated; ability to work independently
- Capable and comfortable documenting business requirements and existing procedures
- Knowledge of Microsoft Office, Work, Excel, Teams, SharePoint, and Loop

Your Experience:
- Currently enrolled in Computer Science, Commerce or Business Administration programs, completing 2nd, 3rd or 4th year of study

Citizenship Requirement   N/A
