Job Description

Software Developer Intern

Job ID: 764602
Montréal, CA
Duration: 4 to 8 months

Grow with us
The GNP Engineering team designs, develops, integrates, tests, delivers and exposes advanced 5G network APIs utilizing the latest cloud native technologies. The GNP engineering team is made up of high performing Software development teams who work with End-to-End Agile/SAFe methodologies. Our values are based on embracing an open collaborative and cooperative culture whereby we strive to meet and deliver on our commitments with a strong will to succeed

Our Exciting Opportunity
Company seeks an intern with experience in software design, coding and debugging. The intern will gain exciting real-world software engineering experience working alongside experienced Solution Architects, Software Architects & Senior Developers. We work in small Agile teams to solve problems, explore new technologies, and learn from one another. The ideal intern for this environment will be enthusiastic and collaborative and willing to learn.

Why join Ericsson?
