Kohler Intern - Data Analytics (Greater Toronto Area, ON)
Work Mode: Remote
Location: Remote - Greater Toronto Area, ON, Canada
Opportunity
At Kohler Co., we believe in the power of data to drive smart decisions and deliver exceptional customer experiences. We're looking for a Data Analytics Intern who is passionate about analytics, curious about business, and eager to learn by doing. This internship provides a unique opportunity to work alongside a high-performing team on meaningful projects that directly support sales operations, market intelligence, and pricing strategies.

What You'll Do
As a Data Analytics Intern, you will gain hands-on experience in data collection, reporting, visualization, and analysis. You'll contribute to real business decisions by supporting the development and maintenance of dashboards and data tools across various functions.
Key responsibilities include:
• Generate and update rebate reports using established scripts and processes.
•Maintain and publish reports and dashboards via Power BI Server.
•Review reports for accuracy and completeness before distribution.
•Collect and process data from internal sources (SAP, MicroStrategy) and third-party tools (e.g., Circana).
•Support regular updates to dashboards for strategic pricing, customer profiling, competitor intelligence, and forecasting.

•Conduct analyses to identify customer trends and competitor pricing strategies.
•Visualize data through dashboards and presentations for internal teams.
•Participate in team meetings, take notes, and assist with follow-up actions.
•Handle ad-hoc data and reporting requests as needed.

We will consider applicants requiring sponsorship for this opportunity.

Why Choose Kohler?
We empower each associate to #BecomeMoreAtKohler with a competitive total rewards package to support your health and wellbeing, access to career growth and development opportunities, a diverse and inclusive workplace, and a strong culture of innovation. With more than 30,000 bold leaders across the globe, we're driving meaningful change in our mission to help people live gracious, healthy, and sustainable lives.

About Us
It is Kohler's policy to recruit, hire, and promote qualified applicants without regard to race, creed, religion, age, sex, sexual orientation, gender identity or expression, marital status, national origin, disability or status as a protected veteran. If, as an individual with a disability, you need reasonable accommodation during the recruitment process, please contact kohlerjobs@kohler.com. Kohler Co. is an equal opportunity/affirmative action employer.

Job Requirements

Skills/Requirements

Basic Qualifications:

• Currently enrolled in a Bachelor's or Master's program in Data Analytics, Computer Science, Business Intelligence, Information Systems, or a related field.
•Proficient in Microsoft Office (Excel, PowerPoint, Word).
•Familiarity with business intelligence tools such as Power BI.
•Strong attention to detail and analytical thinking.
•Effective communication and collaboration skills.
•Ability to work independently and manage multiple tasks simultaneously.
Preferred Qualifications:
• Experience with Power BI dashboards and report building.
•Working knowledge of scripting languages such as Python or SQL.
•Exposure to SAP, MicroStrategy, or other enterprise data platforms.

Citizenship Requirement   N/A
