Position Overview

Autodesk is a global leader in 3D design, engineering, and entertainment software. The work we do at Autodesk gets to touch nearly every person on the planet. By creating software tools for making buildings, machines, and even the latest movie, we get to influence and empower some of the most creative people in the world to solve problems that matter.

We're looking for a Software Engineer Intern to join the Growth Experience Technology checkout team. You'll help build and maintain the core components powering Autodesk's ecommerce experience, collaborating with a cross-functional team to solve real customer problems and shape the next generation of our checkout platform.

Responsibilities

• Design and implement testable, readable, and effective production quality code

• Develop, build and test automations

• Actively participate in team meetings and practice Agile mindset throughout the software development lifecycle

About the Canada Intern Program

The 2026 Canada Internship program runs for 16 weeks (May 4th - August 21st, 2026). All internships are paid. As an intern, you will contribute to meaningful projects, be mentored by industry leaders, and participate in tech talks and other activities designed to support your personal and professional development. Our internships align with Autodesk's Flexible Workplace approach, which is designed to meet the needs of our business while providing flexibility in support of office, remote and hybrid work preferences. About Autodesk

Welcome to Autodesk! Amazing things are created every day with our software - from the greenest buildings and cleanest cars to the smartest factories and biggest hit movies. We help innovators turn their ideas into reality, transforming not only how things are made, but what can be made.

We take great pride in our culture here at Autodesk - it's at the core of everything we do. Our culture guides the way we work and treat each other, informs how we connect with customers and partners, and defines how we show up in the world.

When you're an Autodesker, you can do meaningful work that helps build a better world designed and made for all. Ready to shape the world and your future? Join us!

Salary transparency

Salary is one part of Autodesk's competitive compensation package. Offers are based on the candidate's experience, educational level, and geographic location.

Diversity & Belonging

We take pride in cultivating a culture of belonging where everyone can thrive. Learn more here:
