Job Description	

Job Description:

Here at Rakuten Kobo Inc., our mission is to make reading lives better. We stand for readers. We also stand for our employees - from interns and co-ops to permanent staff - and support their growth and development. Whether you are a student at the start of your career or a professional carving a different path, our early careers opportunities are built with you in mind - with experiences tailored to your individual skills and interests.

We offer a start-up environment, interesting and engaging work within the technology and publishing industries, and a group of friendly and talented individuals. Additionally, our employees rank us highly in terms of commitment to work-life balance and a company culture committed to caring for our employees.

If you're looking for a company that inspires passion, personal, and professional growth - join Kobo and come help us on our mission of making *reading lives better*.

The Role:

Rakuten Kobo Inc. is looking for a QA Automation Co-op to join our Applications team! The team is comprised of many highly talented enthusiastic individuals who ensure the services and offerings from Kobo are available to both internal and external customers.

Reporting to the QA Lead, the QA Automation Co-op will work on automating our iOS and Android applications. As a valued member of the team, you will have the opportunity to learn about the Agile delivery process and work with our Design and Product teams.

The Person:

• Passionate about software quality.
•Able to work effectively as a member of a self-organizing team with minimal supervision.
•A proactive and creative problem solver who can multitask and manage tight deadlines.
•Has excellent oral and written communication skills.

Responsibilities Include:
• Collaborating with engineering team to design and develop automation solutions.
•Help drive mobile application reliability through manual testing and increased automation coverage.
•Establish processes for maintaining automation suites, documentation, and reports.
•Communicate issues and technical concerns effectively.

The Perks:
• Flexible hours and hybrid remote working environment
•Subsidized in-office lunches
•Talent and development training budget
•Free Kobo device + free weekly e-book or audiobook
•Weekly Kobo Tech University sessions
•Dog friendly office
