One of Canada's Most Trusted Investment Brands.

At **Picton Mahoney Asset Management (PICTON Investments)**, being alternative isn't just what we do-it's who we are. Founded by industry pioneer David Picton, we've spent 20 years challenging conventional wisdom and redefining the investing landscape. As one of Canada's most trusted investment brands, we are proudly independent-privately run, 100% employee-owned, and deeply committed to delivering results for our clients.

Thinking alternatively is in Our DNA.

With a team of 207 bold thinkers-one-third dedicated solely to investment management-we are specialists, not generalists. Managing \$17.5 billion (as of January 31, 2026) for institutional and retail clients, we navigate markets with conviction, resilience, and a forward-thinking approach.

We're more than investors-we're innovators. We challenge traditional investment mindsets, constantly pushing the boundaries to achieve our mission: To bring greater certainty to investors.

Our success is built on four guiding principles:

- Treat investors' money like our own.
- Redefine the way investors invest.
- Be human-always approachable.
- Succeed together, one investment at a time.

These aren't just words-they define how we think, how we invest, and how we work.

Now, we're entering our next chapter. We're transforming our brand and reshaping the way the world invests. If you think differently, embrace an entrepreneurial spirit, and thrive in a dynamic, bureaucracy-free environment, join us and be part of what's next.

Thriving in Our Entrepreneurial Culture

At **PICTON Investments**, you'll thrive in our creative and dynamic workplace, where collaboration and support are at the core of everything we do. At our firm, you'll have the opportunity to take on significant responsibilities, work in a flexible environment, and tackle challenging projects from the outset. Our culture is designed for ambitious professionals who want to make an immediate impact while continuing to push boundaries and achieve our greater mission. You'll be empowered with a high level of responsibility, trust, and flexibility, providing an exciting and creative space for you to help reshape how the world views alternative investments. With competitive total rewards, performance-based bonuses, and a clear path for career growth, you'll have everything you need to develop both now and over the longer term.

The Opportunity

We are currently seeking a thoughtful, results-driven intern to join our investment team in **Vancouver**, reporting to the Portfolio Manager. You'll work on full-stack development, building modern applications for portfolio managers, and gain hands-on experience on impactful projects at a leading investment firm.

The expected hourly range for this internship is \$20.00 to \$32.00. Final compensation within this range will be determined based on the specific role, the candidate's field of study, year of completion in their post-secondary program, relevant skills and experience, and internal equity. equity.

What You'll Do

- Design and develop scalable solutions using languages like Python, C#, React, JavaScript, and TypeScript.
- Modernize legacy Access + Excel applications into cloud-connected relational database systems.
- Develop APIs and integrate with third-party systems.
- Write maintainable code following professional software engineering practices (version control, release cycles, CI/CD).
- Translate requirements and use cases into functional applications.
- Collaborate with a multidisciplinary team to build modern frameworks and extract core functionality from legacy systems.

Our Commitment to Employees

At **PICTON Investments**, we take pride in enhancing our employees' experiences through a comprehensive suite of exceptional perks and programs. Our benefits include corporate fitness reimbursement and discounts, VersaFi memberships (formerly Women in Capital Markets), PICTON Investment Counseling and portfolio management services, volunteer and charitable donation matching, maternity and parental leave top-up, recognition awards, semi-annual performance bonuses, a generous annual vacation entitlement (minimum of 15 days per year), training and development reimbursement, extensive health and dental benefits, a healthcare spending account, and more.

These offerings are designed to support your career growth, well-being, and overall success. Join us and thrive in an environment that values and invests in you!

PICTON Investments is committed to providing an equitable and fair work environment for everyone and all hiring and other personnel actions will be taken without regard to race, colour, creed, religion, sex, disability, gender identity, gender expression, family status, age, language or national origin. We welcome applications from candidates with diverse experiences globally. Canadian experience is not required. If you require an accommodation at any point in time throughout the application and hiring process, please contact Human Resources at (416) 955-4108 or at accessibility@pictoninvestments.com.

PICTON Investments does not accept unsolicited resumes, emails, calls, or any other form of communication from third-party recruitment agencies. Any unsolicited outreach, including commercial electronic messages, will neither be acknowledged nor considered.

Please note: We use AI-assisted tools to support parts of our recruitment process, including summarizing interview notes and aligning candidate profiles with job requirements. All decisions are made by our hiring team.

Job Requirements

What You Bring

- Full-time post-secondary student in Computer Science or a related discipline; co-op program enrollment preferred.

- Familiarity with full-stack development.
- Experience with Python, C#, JavaScript, TypeScript, React, and relational databases preferred.
- Understanding of SDLC, best practices, and version control.
- Passion for coding, problem-solving, and delivering high-quality software.
