Job Description

Job Title: McKesson Technology CRM Intern - Summer 2026

Job ID: JR0143341

McKesson is an impact-driven, Fortune 10 company that touches virtually every aspect of healthcare. We are known for delivering insights, products, and services that make quality care more accessible and affordable. Here, we focus on the health, happiness, and well-being of you and those we serve - we care.

What you do at McKesson matters. We foster a culture where you can grow, make an impact, and are empowered to bring new ideas. Together, we thrive as we shape the future of health for patients, our communities, and our people. If you want to be part of tomorrow's health today, we want to hear from you.

Program Overview

McKesson's Intern program is designed to provide:

- A real-life working environment
- A solid foundation of experience and hopeful offer of full-time employment
- A cohort experience with other interns
- Consistent senior leadership exposure and learning experiences.

We are looking for candidates who have:

- Willingness to learn, develop, and contribute to a fun, demanding, fast-paced environment.
- Self-starter that brings both interpersonal skills abilities to identify a problem then solve it.
- Passion and enthusiasm for healthcare and our customers' success

Work Term: Summer 2026- May 4th through August 28th

Location: Mississauga, ON, CAN - 2300 Meadowvale Blvd (Hybrid)

About the Role

McKesson Canada is seeking a **Summer Intern** to join our **CRM & Marketing Solutions** team within McKesson Technology. This internship is an excellent opportunity for a student who is passionate about technology, problem solving, and learning how enterprise platforms support customer care and sales operations in a healthcare environment.

As a Summer Intern, you will gain hands on exposure to **Salesforce Sales Cloud and Service Cloud**, working alongside experienced Salesforce administrators, developers, and business partners. You'll contribute to real initiatives while building foundational skills in CRM platforms, agile delivery, and enterprise IT practices.

This role is designed as a **learning experience**, with mentorship, structured onboarding, and meaningful work throughout the summer.

What You'll Do

With guidance and support from the team, you will:

- Assist with **Salesforce Sales Cloud and Service Cloud** configuration activities (e.g., fields, page layouts, reports, basic automations)
- Support **testing and user acceptance activities** for Salesforce enhancements and releases
- Help document **business processes, system configurations, and user guides**
- Participate in **incident and request triage**, learning how enterprise support models work
- Assist with **data quality and reporting tasks**, including reviewing dashboards and basic analytics
- Collaborate with cross functional teams including IT, business analysts, and product owners
- Participate in **agile ceremonies** such as team stand ups and sprint reviews
- Learn how Salesforce supports **customer care, sales, and operational teams** across McKesson Canada

What You'll Learn

- Practical experience with **Salesforce Sales Cloud and Service Cloud**
- How large organizations deliver and support enterprise CRM platforms
- Exposure to **agile delivery**, change management, and governance
- Professional skills such as communication, collaboration, and problem solving in a corporate environment
- Insight into technology careers within **healthcare and pharmaceutical distribution**

Why Join McKesson Canada

- Gain real world experience at a **global healthcare leader**
- Work on meaningful systems that support patient care and customer experience
- Learn from experienced technology professionals and mentors
- Build skills that prepare you for **future co-op, internship, or new grad roles**
- Inclusive, supportive, and student friendly work environment

We are proud to offer a competitive compensation package at McKesson as part of our Total Rewards. This is determined by several factors, including performance, experience and skills, equity, regular job market evaluations, and geographical markets. The pay range shown below is aligned with McKesson's pay philosophy, and pay will always be compliant with any applicable regulations. In addition to base pay, other compensation, such as an annual bonus or long-term incentive opportunities may be offered. For more information regarding benefits at McKesson, please click [here](#).

Our Base Pay Range for this position

\$17.69 - \$27.74

Job Requirements

Who You Are

You are a motivated student who is eager to learn and curious about how technology enables business outcomes.

Required Qualifications

- Currently enrolled in a **Canadian post secondary program**(college or university) in:
 - Computer Science
 - Information Systems / Information Technology
 - Engineering
 - Business Technology Management
 - Or a related field
- Available to work full time for the duration of the summer term
- Strong communication and collaboration skills
- Comfortable learning new tools and technologies
- Detail oriented with a willingness to ask questions and seek feedback

Nice to Have (Not Required)

- Exposure to **Salesforce**, CRM platforms, or Trailhead modules
- Basic understanding of sales, customer service, or case management concepts
- Familiarity with **Agile or Scrum** from coursework or group projects
- Previous co-op, internship, or part time experience in a technical or analytical role

Citizenship Requirement N/A
