Job Description	

We help the world run better

At SAP, we keep it simple: you bring your best to us, and we'll bring out the best in you. We're builders touching over 20 industries and 80% of global commerce, and we need your unique talents to help shape what's next. The work is challenging - but it matters. You'll find a place where you can be yourself, prioritize your wellbeing, and truly belong. What's in it for you? Constant learning, skill growth, great benefits, and a team that wants you to grow and succeed.

About the SAP Internship Experience Program

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

Three reasons to intern at SAP

1. Culture of collaboration: meet with mentors, make new friends across the globe and create a thriving personal network.
2. Project-driven experience: gain cross-functional skills from our virtual and in-person learning sessions, diverse subject matter experts, and project deliverables.
3. Gain visibility: with SAP Internship Experience Program in your title, you'll have a global network of SAP leaders, entrepreneurs and career development opportunities at your fingertips.

What you'll do

Position Title: SAP iXp Intern - Production Services, Developer

Location: Vancouver, BC

Expected Start Date: 4 May 2026

Contract Duration: 8 months

Work Hours: 40 hours per week

We are seeking a highly skilled and motivated individual to join our team as a SAP iXp Developer in Production Services Canada. The primary responsibilities of this role include Release Assembly, Support Package and Patch Assembly for products in maintenance, Build & monitoring tasks, setup & support of deployment pipelines, Code Signing, and consulting for development teams for assembly and software delivery processes.

In addition, the successful candidate will be involved in process automation in the mobile automation & operation area providing new functionality and bug fixing to our internal development departments. They will also be responsible for providing software packages via various provisioning points directly to our customers, such as APP Stores and SAP One for Me.

The ideal candidate will have strong technical skills and the ability to collaborate with global teams in Germany, India & Ireland. Experience with SAP products and technologies is highly desirable.

If you are passionate about innovation, have a strong attention to detail, and are looking for an opportunity to work with cutting-edge technologies in a global team environment, we encourage you to apply for this exciting opportunity.

- After an intensive on-the-job training in a highly motivated team, you'll directly step in our daily tasks.
- You will be responsible for the Assembly and publishing of SAP Mobile Apps for Apple, Android, and Microsoft platforms: starting from setup and operation of release builds, analyzing and tracking errors, managing of release metadata until publishing on the app stores.
- Be innovative & involved in internal run AI projects.
- Perform operational and automation task for SAP mobile Apps, Setup, monitor non-ABAP based CI/CD pipelines.
- Further develop/maintain internally used digital Signing Server, Apple Notarization & tasks in customer-based CI/CD projects.
- You will help develop in new topics
- You will work closely with global developers, Quality Management, Translation, and Infrastructure teams, gaining a strong network within the SAP organization.
- Career development opportunities with the possibility of leading Production projects and cross department projects.

Bring out your best

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

We win with inclusion

SAP's culture of inclusion, focus on health and well-being, and flexible working models help ensure that everyone - regardless of background - feels included and can run at their best. At SAP, we believe we are made stronger by the unique capabilities and qualities that each person brings to our company, and we invest in our employees to inspire confidence and help everyone realize their full potential. We ultimately believe in unleashing all talent and creating a better world.

SAP is committed to the values of Equal Employment Opportunity and provides accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting

Operations Team: Careers@sap.com.

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the SAP Referral Policy. Specific conditions may apply for roles in Vocational Training.

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability, in compliance with applicable federal, state, and local legal requirements.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the hourly base salary rate range applicable for the posted role. The targeted range for this position is 24-35 CAD. The actual amount to be offered to the successful candidates will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. SAP offers limited benefits for employees hired into hourly or like roles subject to applicable plan/policy terms. A summary of benefits and eligibility requirements can be found by clicking this link: www.SAPNorthAmericaBenefits.com.

Due to the nature of the role, which involves global interactions with SAP entities, as well as with employees and stakeholders in Canada, functional proficiency in English is required for positions based in the Quebec.

AI Usage in the Recruitment Process

For information on the responsible use of AI in our recruitment process, please refer to our Guidelines for Ethical Usage of AI in the Recruiting Process.

Please note that any violation of these guidelines may result in disqualification from the hiring process.
