Job Title: Software Developer Student

Job ID: 11078

The future you want is within reach.

At PCL, we build the places where life happens and find camaraderie in the process. We are a community of builders committed to building better communities. That is why we are always looking ahead, and not just to the next project or what is next in our industry.

We are also looking at what is next for you and how we can help you build a career you are proud of. As a student at PCL, you will get the opportunity for challenging work assignments in a supportive work environment which promotes personal and professional growth.

We are seeking a **Software Developer Student**, for our North American Headquarters (NAHQ) located in **Edmonton, Alberta**, that is available for **4-8 months** starting in **May 2026**.

As a **Software Developer Student**, you will have the opportunity to contribute to our team by:

- Designs and develops in-house software systems (desktop and web) used by staff and construction crews.
- Optimizes and creates UX and UI to visualize big data.
- Captures or infers additional parameters necessary to achieve Machine Learning objectives.
- Integrates enterprise systems.
- Optimizes data access to enhance end-user experience.
- Develops software solutions to enhance data integrity.

- Optimizes workflows through script automation.
- Troubleshoots systems, and applications.
- Installs, configures, and maintains workstations and mobile devices as needed.
- Other duties as assigned.

Next Step:

- Please note that candidates who have been selected to move forward to the next stage of the recruitment process will receive an email to complete a short online video interview.

PCL is an innovative, employee-owned company comprised of people who find passion in their profession and take pride in doing great work every day. Our work powers the infrastructure and utilities that are essential to daily life and our projects are the scene of vacations, careers, education and healing. We are consistently ranked among the best companies to work for because we are committed to supporting and developing our teams.

The PCL Companies celebrate diversity and are proud to be an equal opportunity employer. We are committed to creating equitable opportunities and an inclusive environment for all employees and applicants. We make all employment-related decisions without regard to race, color, religion, sex, national origin, sexual orientation, gender identity, age, disability or veteran status.

PCL combines numerous pay and benefit strategies to provide a comprehensive and competitive total rewards package. Any salary range displayed by a job board is an estimate. Your salary, which considers your unique qualifications and experience, is just one component of the robust total rewards you'll enjoy at PCL. This may include an employee share purchase offering, discretionary annual performance bonus, comprehensive benefits and wellness programs, retirement plan plus matching, and career development programs.

Should you require an accommodation during the application process, please contact us at careers@pcl.com with the position and location you are interested in.

Together, we can build success and a better future. Let's get started!

Job Requirements

What you will bring to the role:

- Passion and perseverance to learn about and apply various technologies which may include SQL, C#, .NET, HTML, CSS, JavaScript, TypeScript, and Angular.
- Familiarity with agile software development practices.
- Excellent communication skills.
- Excellent troubleshooting technical skills.
- Previous exposure to ERP environments is an asset.

Citizenship Requirement N/A
