Job Description

Job Description:

Here at Rakuten Kobo Inc., our mission is to make reading lives better. We offer a start-up environment, interesting and engaging work within the technology and publishing industries, and a group of friendly and talented individuals. Whether you are a student at the start of your career or a professional carving a different path, our early career opportunities are built with you in mind-with experiences tailored to your individual skills and interests.

If you are looking for a company that inspires passion and personal and professional growth, come join Kobo and come help us make reading lives better.

The Role:

Rakuten Kobo Inc. is looking for Software Quality Assurance Co-op to join our Delivery team! The team is comprised of many highly talented enthusiastic individuals who ensure the services and offerings from Kobo are available to both internal and external customers.

Reporting to the Team Lead, the Software Quality Assurance Co-op plays a vital role in delivering quality software. They will be responsible for: QA / Develop work inside the team.

The Person:

- A passion for Software Quality.
- Ability to work effectively on a self-organizing team with minimal supervision.
- Proactive and creative problem solver with the ability to multitask and manage tight deadlines.

- Excellent oral and written communication skills.
- Must be registered as a full-time student in a post-secondary institution program at an accredited Canadian post-secondary institution.

Job Requirements

The Skillset:

Required:

- Ability to program in Kotlin/C#/JAVA or a comparable language.
- Familiarity with relational databases and knowledge of SQL/NOSQL.
- Knowledge of software development life cycle and project management processes.
- Experience in Software Quality Assurance including white box and black box testing preferred.
- Experience developing and executing test cases.

Nice to Haves:

- Experience with Java.
- Experience with C#.
- Experience with Selenium/Cypress/Cucumber is an asset.
- Experience with creating and presenting demos.
- Good at programming is an asset.

Citizenship Requirement N/A
